## High Horse

I know we dont always see eye to eye  
Your sometimes on your High Horse  
and im barley getting on mine

I know we dont always see eye to eye  
you just got off your High Horse, and I'm stuck on mine

Your High Horse may be bigger then mine  
And maybe rides allot faster to.  
Your High Horse may be brighter then mine  
But baby, together theres nothing we cant do

I know we dont always see eye to eye  
You just got on your High Horse  
and I'm barely getting on mine

I know we dont always see eye to eye  
You just got off your High Horse  
and I'm still stuck on mine

Your High Horse may be bigger then mine  
and maybe rides allot faster to  
Your High Horse might be alot brighter then mine  
But baby, together theres nothing we cant do

## **Dont blink**

Dont blink  
somethings change when you think they will stay the  
same

Dont blink  
yesterdays history and todays a new day  
Dont blink  
Time goes by faster then you think

Well Ive just been thanking God  
for you.  
counting all my blessins  
Rembering times i thought i had everything  
But, this time im gonna make it the best

Because

Dont blink  
somethings change when ypu think they will stay the  
same

Dont blink  
yesterdays history and todays a new day  
Dont blink  
time goes by allot faster then you think

## **Cool on your warmest days**

I wish i could keep you warm on your coldest days  
and on your warmest days keep you cool

And i wish i could hold your hand  
if your bullied, yah if your bullied at school

I wish i could be there to take care of you  
and help you with all your School Work

But i wish i could keep you warm on your coldest days  
and on your warmest days keep you cool

And i wish i could hold your hand if your bullied  
yah, if your bullied at school

Yeah, your my daughter  
but your my best friend  
and even though were miles apart  
I think about you everyday  
and your always close to my heart
