INTRODUCTION

This is the fourth volume of *The Complete Seraphin Messages*, covering the period from October 2018 to the present day (October 2020). I have recorded the telepathic messages sent by the angel Seraphin for over a decade, in the form of very fast medial writing, noting the words down as I hear them in my mind.

What is the relevance of these messages?

Many seem to consist of warnings. Others draw our attention to acute present situations or to future scenarios which seem a lifetime away, very far from our reality. Each message is a piece of mosaic in a very complex and detailed picture, guiding us towards unknown but necessary pathways, while awakening us to new possibilities.

It is often only with hindsight that we realise what Seraphin has been referring to: he states *“This message may seem cryptic to those who say ALL IS WELL, yet with time, you will see its value and that to which it refers”*. Thus, a message received a long time ago may actually be recognised for its stunning relevance today. A prime example of this is *Seraphin Message 193: A Prophecy: 21 days you will experience in the future*, received in 2014. Some readers are experiencing these 21 days now, as a result of strict quarantine or lockdown measures against the so-called COVID 19 “pandemic” in 2020. While much of Seraphin’s advice is timeless, the messages from March 2020 onwards deal specifically with surviving this difficult period which lacks transparency and is characterised by manipulation.

The most poignant of these, which explains what we should be focussing on during lockdown, is *Seraphin Message 405: Caught in a tight corner: effects of quarantine*. It details the causes of the present situation as well as the psychological consequences.

What is lockdown? Seraphin tells us that everything happening outside of us is a reflection of what is going on inside us: thus, this is less of a “pandemic” or physical illness, and more of a spiritual IQ test to see if we are spiritually “diseased”. It is also a magnificent opportunity to go far beyond what we have already experienced on a physical level.

“Locked minds worldwide cause GLOBAL STANDSTILL. Your minds are confined within walls of your own making, for would a huge, creative, universal mind want us to be so contained?”

“In order to feel really secure, we would suggest

UNLOCKING YOURSELVES AND THROWING YOURSELVES INTO THE ARMS OF THE DIVINE WHICH WILL SUPPORT YOU CEASELESSLY, IF YOU WANT TO GROW”

*“THIS IS THE KEY TO HAPPINESS, BELOVEDS.
FREE YOURSELVES OF YOUR SHACKLES.
UNDERSTAND THAT YOUR LACK OF CURIOSITY,
YOUR LACK OF COURAGE AND YOUR
LACK OF FORWARD MOVEMENT
HAS ALLOWED OTHERS TO IMPRISON YOU”*

Seraphin comments on each situation as it arises, providing us with insights into what is really going on. He presents us with strategies to deal with sudden isolation and removal from the familiar, which in turn reveal our dependence on others, our emotional instability, and our lack of connection

to the DIVINE WITHIN which is always ready to help us in all predicaments.

Periods of “lockdown” are also an opportunity to learn to appreciate silence and make discoveries about noise levels, including the inner noise - the chatter of our minds:

“What is your level of awareness concerning NOISE, citizens of earth? For some of you who live in hectic “western” civilisations, you may be so used to certain decibel levels, or to the constant humming of machines or cars in the background, that it will completely escape your attention - that is, UNTIL IT STOPS. It is then that your ear will say to you WAIT A MINUTE: SOMETHING IS MISSING, and then you will - for the first time - be able to pinpoint what that something actually is. You may also discover great delights, such as birdsong”

Despite (and actually because of) confinement and restrictions, we are presently having intense experiences in a very complex situation, where it is difficult to rely on any convenient “truth”, but this is simultaneously a path to peace and enlightenment:

“We would remind you that there is still more “noise” to face in the form of continuing propaganda, rising confusion, intense discussion, chaos and fear, and so your ability to find a voice of reason in the madness will be an invaluable help as you pass through this stage of tremendous “action” which will involve much pain and much enlightenment. We can assure you that pain and enlightenment go hand in hand. They provide an extremely steep learning curve which is necessary at this time for those who wish to remain with your earth. Seraphin”

What is Seraphin ultimately trying to tell us?

Seraphin's extremely deep concern for the inhabitants of this planet and their spiritual advance is at the forefront, because he knows that this is the prerequisite for a harmonious, peaceful, abundant and joyful life together. This earth has seen several civilisations come and go due to low levels of spirituality. These past civilisations used their advanced technology to destroy, rather than to rebuild and sustain life. Seraphin and other members of the celestial hierarchy are presently observing us and advising us so that this level of self-destruction does not repeat itself.

Seraphin painstakingly dissects our behaviours, traditions and beliefs so that we can see where we have gone wrong. Our transition to a peaceful community involves "waking up", and for many people, this involves consternation and pain in the face of great transparency and the "naked truth". We are asked to release our "crutches" and venture into the new. Seraphin states that he has a deliberate strategy to increase our awareness: *"Bear in mind that we use distinct vocabulary to jolt you out of specific mind-frames and to indicate potential"*. In the face of much confusion, Seraphin provides guidelines and orientation:

"Your destination is not to achieve success, fame, reputation or material gain, but to climb the ladder of internal growth and development, with the aim of achieving internal "perfection". This inner journey is mirrored perfectly by your external progress - by your travels through many lives - until you reach the ultimate peak of perfection - which is known in your religious scrolls as PARADISE"

Simultaneously, he builds our confidence and shows us how easy it is to grasp new, beneficial concepts if only we will leave the past behind and act in accordance with the cosmic laws which will work in our favour if we adopt principled behaviour.

As a “counterweight” to all his warnings about the grave situation on our planet, he inspires us with concise instructions on how our changed behaviour can enhance positive global development (see *Seraphin Message 398: “Cherish Beauty, Be Wonder*), and he also looks ahead to the time when we will inevitably experience a period of eternal spring (see *Seraphin Message 369: Eternal Spring*). In our darkest hour, he gives us words of encouragement (*Seraphin Message 397: Hidden Gold: Words of Encouragement*), and even that which is most feared - death - is nothing to be concerned about (*Seraphin Message 361: The Great Game Changer: oh Death, where is thy sting?*)

Seraphin states that this whole interim period of chaos is designed to increase our love capacity, ultimately resulting in the aforementioned period of eternal spring, otherwise known as a period of “light and life”. Seraphin knows that we are presently in the closure of an era which necessarily involves separating those who are capable of learning from those who remain in “stagnation” or turn away. It is our mandate to embrace the whole and assume responsibility for the whole: *“You can be sure that universal consciousness is eternally expanding, and you can be sure that it is your intended condition to do the same, for you are part of that same universal consciousness”*.

Seraphin covers both the negative and the positive - the painful present, and how to deal with it, and the glorious future we will usher in, surrounded by like-minded individuals who are capable of change, willing to learn, extremely compassionate and highly motivated to correct the dreadful circumstances of the past to create peaceful world. His most outstanding statements, selected from his whole body of messages, are collected at the end of this compilation. I thank you for reading, and I am deeply

grateful to all those who join forces to effect positive change. Rosie Jackson

Seraphin Message 356: OLD DECISIONS AND NEW DECISIONS

Through Rosie, 23rd October 2018

There are so many basic questions, dear citizens of earth, which require urgent attention and reflection, and it is imperative to understand that present circumstances are not “normal” but are the result of centuries of misunderstanding, miscalculations, mistrust, meddling and mysterious occurrences. We would ask you to thoroughly investigate all “mysterious occurrences” - inexplicable happenings - which you have encountered in your lifetime, starting from the very start - from the Easter bunny and Father Christmas who used to appear, but then suddenly “died away” when you were considered “too old” to be taken in any more.

What myths and stories are you presently being “taken in” by? We will hint that the majority of what is now occurring on earth is NOT AS IT SEEMS, but a cover for something else, or to distract you from knowing the truth. The degree to which you are distracted is UNBELIEVABLE as we watch you from afar on your earth plane. For us, it is SO OBVIOUS that many of you are being duped, are being swayed by propaganda, are being deliberately prevented from entering into your TRUE HERITAGE, which is a DIVINE HERITAGE - if we may make so bold as to use this terminology, in view of the fact that so much on your world has descended into the PROFANE.

At the same time, ALL THAT IS SACRED has been either stolen from you or eradicated out of your memories. Yes, mind control is THAT GOOD AND EFFICIENT. Constant repetition and skilled advertising is ALL IT NEEDS to sway

you. Why? Because you are cut off from your DIVINE ROOTS and because you refuse to believe that the godly fragment and messenger INSIDE YOURSELF is actually real. Yet again we ask you to go into stillness – if that is possible on your noisy and crowded earth – and tear down all barriers which separate you – the divisions into nations, religions, sexes, social classes, and whatever other clever ideas your overlords have come up with to make you “divide and fall”.

Imagine that you are walking through a crowd of people from all walks of life, and that you might notice outward differences – but that you recognize all of them FIRST AND FOREMOST AS A DIVINE HUMAN BEING WITH A MISSION ON THIS EARTH. Following great changes, this will be exactly your situation. You will no longer be distracted by differences, you will seek ONLY to join together with your fellow humans to create a NEW SOCIETY. What would that look like ideally? You can prepare for this situation by imagining a world devoid of money, political parties, wars and hostilities of any kind. Think well, for you will be called upon.

As the situation becomes more acute on the world stage, as well as on all personal fronts, know that all this has resulted from OLD DECISIONS, and that NEW DECISIONS are required in order to achieve a different outcome. There is no point in continuing along the same road, walking as if blindfolded, living a peaceful life with like souls, but being largely unconnected to all others.

INTEGRATION and RESPONSIBILITY
will be the words which resound the world over during this
NEW ERA WHICH IS IN THE MAKING.

We will, as already noted, give you a “jump-start”, but you are those who will carry this mission to its final conclusion,

securing PEACE AND PROSPERITY ON EARTH. That is all, so we shall close for today. Seraphin

**Seraphin Message 357:
YOUR TRANSFORMATION FROM
DORMANCY TO MATURITY**

Through Rosie, 3rd November 2018

On your earth plane, the word TRANSFORMATION is frequently used to signify a dramatic change, but we say to you that nothing (unless it is our words and those of others of the celestial administration who bestow their communications on you) can prepare you for the enormity of the transformation which awaits you, both in your material world and in your state of KNOWING. Your increase in consciousness and your newfound adherence to ethical principles is actually the pivot which will cause transformation on the “outside”.

Transformation is often seen by you as one stage of rapid development, but again we say to you that you will undergo many stages and thus many “transformations”. There is nothing finite about this – just eternal movement through time while simultaneously perfecting your minds and your behaviour, and thus your surroundings.

Because your earth has long endured suppression of the truth (with your so-called history books and so-called religious texts containing but an iota of what really happened, and with suppression of what is of real importance as regards knowledge capable of releasing you so that you can move forward), a huge BACKLOG has amassed.

Many doors will open, each of them revealing (for you) astonishing thoughts - truths which are for us, however, self-evident, as we have observed the progress (or lack of it) on your world for a very long time. You, however, cannot as yet make the mental associations necessary for full understanding, yet future events and spectacles and revelations will force you out of this initial "dormant stage", propelling you (if you are open and flexible) INTO NEW AND POSITIVE DIRECTIONS.

This information will be new to you, while it is not for us, because it has been DELIBERATELY WITHHELD in order to force you to serve what some of you call the "beast", which is the opposite of all which is good, worthy and DIVINE.

As this process continues, you may indeed feel like babies (unless you number among those who have undertaken much critical research into the abnormalities and absurdities of your times), but with each step you will move into maturity and assist the planet to regain her glory and balance.

What is this "missing information" of which we speak? It is information about missing civilisations (and what led to their ultimate downfall); it is missing information about your most recent history also, especially concerning the real motives for - and the financing of - all wars on your planet. And it is, most importantly, missing information about the UNIQUE AND DIVINE NATURE OF EVERY HUMAN BEING AND THEIR INTIMATE CONNECTION TO THE CREATION AND THUS TO ALL.

This fact alone, if truly registered in growing human consciousness, would result in automatic and universal condemnation of all violence. Facts such as this important circumstance of your divine origin, heritage and potential

have been systematically deleted from your “religious tracts” in order to keep you manageable, resigned, and helpless, so that you will not feel any need for or see any opportunity for TRANSFORMATION TO A MORE MATURE AND CARING ATTITUDE.

This is what lies ahead of you, citizens of earth:

MASSIVE EARTHQUAKES
IN YOUR MENTAL LANDSCAPES,
ON A CONTINUAL BASIS,
UNTIL HUMANITY HAS FINALLY
ACHIEVED THE LABEL OF “HUMANE”.

As we observe you, we are longing as always to assist you on this incredible journey, in the course of which you may suddenly find yourselves floundering in stormy seas. Recognise the sad situation in your present world and recognise everything which requires improvement. YOUR PASSAGE, however difficult, is contributing to global TRANSFORMATION. Take heart, for this journey, if it has not already begun for you, is about to begin. We hold you in our arms, Seraphin.

Seraphin Message 358:
TOOLS FOR WAR: TOOLS FOR PEACE

Through Rosie, 15th November 2018

Lack of transparency on your world is a major cause of misunderstanding. Ensnared as you are in a framework designed especially to ensnare you and intimidate you, you bend to the parameters of a “machine” which does not have your benefit at heart. The heart, in fact, is what is missing. And, intentionally, “having a heart” for someone or something is portrayed as fleeting, mild concern, whereas

what is actually required for healthy and loving interaction is sustained, complete, unconditional and all-encompassing compassion for everyone you encounter. You may be called, from time to time, to engage on a heart level, but you are generally not led to believe that such actions are insufficient in comparison with full-blown commitment. Those who have been caretakers of parents or children 24/7 will know something of the degree of commitment which we speak of here. To look away for a moment can result in tragedy. To ignore for a moment can lead to an accident. To fall into a dreaming state for a moment, or to lose concentration, can result in devastating circumstances. To fail to react immediately in emergencies will bring further problems.

This state of active awareness, coupled with active compassion, is a powerful agent of change (It also fires you up and provides a feeling of great fulfilment). The greatest change you can possibly imagine is the change FROM WAR TO PEACE, and this also can be achieved through your behaviour.

It is essential to realise that the DEGREE of concentration and dedication is the KEY FACTOR. If these qualities are not constant, there are constant LOOPHOLES. Weak concentrations of these qualities - which are essentially "good" and "positive" - will cause decline. No durable effect will result from small bouts of compassion here and there, as opposed to compassion being INGRAINED IN YOUR BEING AND PART OF YOUR EVERY ACTION.

Of this, the "enemy" (who is still intent on destroying you and your world), is intently aware, and the "enemy" offers you myriad opportunities to give, to show altruism and to benefit others in SMALL, LIMITED, INEFFECTUAL WAYS, all under the auspices that you are doing a "good" thing.

YET THIS IS NOT ENOUGH! NO PERMANENT CHANGE WILL RESULT FROM DILUTED GOODNESS, FOR IT WILL ALLOW EVIL STRATEGIES TO CONTINUE REGARDLESS, SUPPORTED BY YOUR LACK OF SUSTAINED ACTION.

UNDERSTAND THEREFORE THAT THE TOOLS OF PEACE (IF NOT IMPLEMENTED ON A CONSTANT, UNIVERSAL AND COMPREHENSIVE BASIS) ARE ACTUALLY THE TOOLS OF WAR.

We bring this again to your attention at a time when it would seem that the situation on your earth is irretrievable. It is not, however. That it is irretrievable is what your opponents would have you believe. Your power, if you are correctly motivated and if you understand that absolute commitment is needed, is immeasurable AND CAN TURN THIS WHOLE SITUATION AROUND.

It is, as always, absolutely imperative that you investigate exactly what is going on, finding time set apart from your automatic daily routines and thinking patterns, so that you can pursue this in depth. We are getting close and closer to the time when PAIN WILL BE FELT BY THE MAJORITY - pain due to the feeling of guilt that one did not realise how bad things are, pain due to the knowledge of one's own failure to take on responsibility, pain because one has been SO WRONG, pain that one has mistakenly slandered, imprisoned, even killed those who - in the light of new revelations - have turned from MONSTERS INTO HEROES.

Likewise, those you have praised may well turn out to be the WORST CRIMINALS OF ALL. AS ALWAYS, YOU WILL THEN DECIDE YOUR NEW ROLES, AND HOW TO CREATE A NEW AND CONTINUOUSLY PEACEFUL WORLD.

We thank you for your decisions which assist this process.
Seraphin

Seraphin Message 359: PREPARING THE LAND

Through Rosie, 23rd November 2018

Beloved children on earth: we address you as children because you are still learning. Simultaneously you are adult teachers for whoever wishes to learn, but we focus today on your own unique capacity to learn.

We address you because we can see your situation clearly:

EITHER you have had deep suffering inflicted upon you, the accumulation of which you have yourselves in part precipitated, OR you will experience deep pain IN THE NEAR FUTURE, although you presently still continue to live in a state of near-ignorant bliss. There are only these two categories.

That your present world is in a crisis of some kind, nobody nowadays will deny (even if they then turn away their heads immediately), yet complete knowledge of the causes, extent and nature of this crisis are even now very rarely understood.

We have often said that those you trust may turn out to be the perpetrators, pulling you along with their professed ideals and cunning words, and you have allowed yourselves to become collectively trapped due to failure to act with integrity on an individual basis.

WHAT IS INTEGRITY?

One definition might be: acting in an honest, principled manner, in full and continuous awareness of the

consequences of your actions, not only for yourselves but for others as a whole. In order to be aware of CONSEQUENCES, and to ensure that they are positive, it is necessary to investigate symptoms and track them back to their primary causes.

Worthy results will ensue
IF YOUR OWN PERSONAL STARTING POINT
IS STRONGLY ROOTED IN DIVINE LOVE
WHICH ENCOMPASSES ALL.

From this fertile ground shall spring a seed of GREAT QUALITY AND ENDURANCE which will - in time - bear excellent fruits.

Not only is it necessary to ensure DIVINE ORIGIN, your “seeds” must fall upon ground which is optimally prepared to nurture them. This is part of your present mission - to prepare the ground for the seeds which you will sew - at exactly the right moment - when the ground is prepared.

And so it is with the seeds of new thoughts, new concepts to improve your world, new information about your corrupted history, and new knowledge about atrocities which you may so far have kept hidden due to fear of reprisal or contempt.

Every breath you take, every word you utter, and every miniscule deviation you make and every loving gesture is causing the balance scales to tip one way or the other. These scales are presently tipping wildly from side to side as many earth inhabitants become polarised, falter, panic or fall into stubborn closed-off mode and sub-optimal behaviour patterns.

It is your job to attempt to redress the balance in these very fragile times, all the time holding your seeds at the ready, for they are sorely needed and must be disseminated at the

earliest possible juncture. Yet do not throw them on the ground in desperation or anger. Do not empty them onto arid ground where they will be disregarded, for they will perish. Remain patient and wait, for your time will come. Seraphin.

Seraphin Message 360:
WHATEVER HAPPENS, IT IS PERFECT FOR YOU

Through Rosie, 2nd December 2018

In the midst of the coming turmoil and chaos which is spreading across your world like wildfire, you will find it imperative to seek out a place of stillness and retreat to a “safe place”.

THIS IS ALWAYS TO BE FOUND INSIDE YOURSELVES,
IRRESPECTIVE OF OUTWARD CIRCUMSTANCES,
BUT FINDING A QUIET PLACE,
PREFERABLY IN THE MIDDLE OF NATURE,
WILL BE HELPFUL TO THOSE WHO HAVE
NOT YET MASTERED THE ART OF REMAINING
CALM, POISED AND SELF-CENTRED AT ALL TIMES,
especially when they are in the middle of a storm.

The storm will intensify, and thus also your challenges.

To regard this - loss of your certainties, your world views, your allegiances, your convictions, your opinions, your favourite activities stretching over lengthy time spans, including losing friends and family in a very REAL manner, is certainly not for the “faint of heart”. And in fact, it is your HEART which will be activated in these circumstances and it will be your task to let it LEAD YOU through all the chaos, the periods of uncertainty, the valleys of deep sorrow and regret.

To cope with such a radical change may be almost too much to bear, yet be assured that WHAT EVER HAPPENS, IT IS PERFECT FOR YOU. You may perceive this to be a very extreme statement, yet we would like to examine with you what it really means, and what the world “perfect” actually refers to. There are many stages of perfection, and you are all at one of them.

Your present stage is PERFECT PREPARATION for the next one, and we can assure you that the next stage will be momentous, awe-inspiring and will at the same time drag you through thickets of darkness and rivers of blood.

We use these vivid images to try and convey the depths and heights of emotion to which you will be subjected in the next stage of your planet’s history.

While some of you who are familiar with strong emotions, expressing them freely (and who have investigated their cause and have thus successfully overcome them through deep understanding of when and how they arose), this may seem like plain sailing. Yet the majority have not: they have remained on one course, have adjusted themselves to limited thinking and feeling, and have no idea what it would be like to question their circumstances or question the behaviour which led them there.

For those who cannot cope, there will be an innate cut-off mechanism. They will not be able to hear, or to listen, or to consider whether they can in fact widen their comprehension of events as they unfold. This is to protect themselves. This happens due to fear of the new. This happens because they are not ready or capable of assimilating information. Alarm bells will ring. They will feel that it will destroy themselves. They will allow emotion to take precedence over facts.

Thus will they necessarily turn away, and will follow a road on which they can walk at their own pace, learning as they feel they can, from “teachers” who will appear on that particular path they have chosen. They will, in effect, no longer be on this planet, for they have rejected the opportunity to open up to what is happening ON THIS PLANET.

Nevertheless, the situation for these people will be PERFECT for their learning. It will simply continue in another place, in the next SET OF PERFECT CIRCUMSTANCES.

And so, circumstances are also perfect for those who ARE capable of mental gymnastics, of lateral thinking, of leaving everything behind, of readjusting their views, of increasing their realm of knowledge, of ADMITTING THEY WERE WRONG and who are always aware THAT THERE IS MORE TO LEARN.

For them also, the PERFECT OPPORTUNITY will be presented to them to GROW IN DIVINITY AND TO PERFECT EACH STAGE OF THEIR DEVELOPMENT, CLIMBING EVER HIGHER IN ORDER TO SERVE OTHERS AS BEST POSSIBLE.

And so, we end with that often-said phrase IT IS ALL GOOD, although it may seem - on the surface - that injustice and confusion reigns.

Be assured that DIVINE HAND is guiding you PERFECTLY through all this, and if the situation gets too intense, always RETURN WITHIN FOR YOUR NEXT PERFECT INSTRUCTION.

The time for all this draws near, and with our words we hope to take the WORRY out of your minds as to how all this will

unfold.

For it will be THE PERFECT UNFURLING.

We love you who strive to grow and who will ultimately assist this earth to renew herself.

Seraphin

**Seraphin Message 361:
THE GREAT GAME CHANGER:
OH DEATH, WHERE IS THY STING?**

Through Rosie, 12th December 2018

What is death?

The END OF ALL?

Is it something you are fighting against

ALL YOUR LIFE?

Can you see the absurdity of these words?

We say that this fighting is a huge waste of energy which should be funnelled into LEARNING TO PASS FROM ONE STAGE TO THE NEXT, LEAVING THAT WHICH IS ALREADY LEARNT BEHIND YOU, AND MOVING ON TO MORE STIMULATING VENUES AND OPPORTUNITIES.

What if the phenomenal fear of death - so rampant that your planet is seriously burdened by this debilitating energy - is transformed into the JOY OF ETERNAL LIFE and the CERTAIN KNOWLEDGE THAT WHAT YOU CALL "DEATH" IS BUT A RITE OF PASSAGE? This fact has been systematically suppressed and erased from your scripts and scriptures.

When will you start to QUESTION, CITIZENS OF EARTH?

And when will you realise that you have perhaps already spent "lives" on other spheres apart from the one you call EARTH? If you truly knew this, your ideas about being Asian or African or American or any other designation would DISAPPEAR, and you would simply recognize yourselves as SPIRITS TRAVELING THE UNIVERSE TO STUDY AND IMPROVE.
