LET'S BEGIN

SOLID GROUND

love was.
that is good history
something that give
some rest in my cheast
peace
all around
when I put down a foot
i just give it some time
and feel ?!
'that' solid ground

OUR SIPPING

welcome to my world
no one here for now
but you and me
inside this cup of coffee
in front of us
hide the story just to be told
you and me listen
as you and me talking while we
sipping
because of that I love this cup of
coffee
oh! what a cup can hide
welcome in and sipping
only for us
with our secrets close to heart
we talking tender
thats our sipping
