[Preface](#)

[Glossary](#)

[Abbreviations](#)

[1 Introduction](#)

[2 Introduction to dermatological therapeutics](#)

[Part 1: Infections and Infestations](#)

[3 Viral infections](#)

[POXVIRUS INFECTIONS](#)

[HERPESVIRUS INFECTIONS](#)

[Primary herpetic gingivostomatitis](#)

[Recurrent oro-facial and cutaneous herpes](#)

[Primary genital herpes](#)

[Varicella](#)

[Zoster](#)

[Infectious mononucleosis](#)

[Eczema herpeticum](#)

[HUMAN PAPILLOMAVIRUS INFECTIONS](#)

[Cutaneous warts](#)

[Ano-genital warts and HPV-associated
intraepithelial and invasive neoplasias of
genitalia and mucosae](#)

[Epidermodysplasia verruciformis](#)

Acquired epidermodysplasia verruciformis
VIRAL INSECT-BORNE AND HAEMORRHAGIC
FEVERS

OTHER CUTANEOUS PROBLEMS
ASSOCIATED WITH VIRAL INFECTIONS

Papular-pruritic gloves and socks syndrome

Pityriasis rosea

Asymmetric periflexural exanthem of childhood

COVID-19

4 Bacterial infections and sexually transmitted
bacterial diseases

GRAM-POSITIVE BACTERIA

STAPHYLOCOCCUS AUREUS

STREPTOCOCCI

SKIN DISEASE DUE TO STAPHYLOCOCCAL
AND STREPTOCOCCAL INFECTION

Impetigo

Ecthyma

Cellulitis and erysipelas

Folliculitis

Furuncle (boil, abscess)

Carbuncle

Sycosis

Staphylococcal scalded skin syndrome

CORYNEFORM BACTERIA

Cutaneous diphtheria

Erythrasma

Trichomycosis axillaris

Pitted keratolysis

BACILLUS

Cutaneous anthrax

ERYSIPELOTHRIX RUSIOPATHIAE

Erysipeloid

CLOSTRIDIUM

Gas gangrene

GRAM-NEGATIVE BACTERIA

NEISSERIA MENINGITIDES

Meningococcal septicaemia

Gonococcal infections

PSEUDOMONAS AERUGINOSA

Pseudomonas infection

FRANCISELLA TULARENSIS

Tularaemia

PASTEURELLA

Pasteurella multocida and related infections

YERSINIA

Plague and Yersinia infections

BRUCELLA

Brucellosis

BARTONELLA

EHRLICHIA

Ehrlichiosis

ANAEROBIC BACTERIA

Tropical ulcers

Granuloma inguinale

SPIROCHAETES AND SPIRAL BACTERIA

TREPONEMES

Endemic syphilis or bejel

Yaws

Pinta

BORRELIA

Relapsing fever

Borrelia burgdorferi and Lyme disease

MISCELLANEOUS BACTERIAL INFECTIONS

Necrotising fasciitis

RICKETTSIAL INFECTIONS

Spotted fever group

Epidemic typhus

Brill-Zinsser disease

Murine typhus

ACTINOMYCETE INFECTIONS

Actinomycosis

Nocardiosis

SEXUALLY TRANSMITTED BACTERIAL
DISEASES

Syphilis

5 Mycobacterial infections

Treatment

General measures

Drug therapy

CUTANEOUS TUBERCULOSIS

Lupus vulgaris

Primary inoculation tuberculosis

Scrofuloderma

Warty tuberculosis

RARER VARIANTS OF CUTANEOUS
TUBERCULOSIS

TUBERCULIDS

Lichen scrofulosorum

Papulonecrotic tuberculid

Erythema induratum of Bazin

Other nodular tuberculids

NON-TUBERCULOUS (ATYPICAL)
MYCOBACTERIA

M. marinum infection

Other atypical mycobacterial infections

Leprosy

6 HIV and the skin

7 Fungal infections

SUPERFICIAL MYCOSES

SKIN DISEASE CAUSED BY *MALASSEZIA*
SPECIES

Pityriasis versicolor

Malassezia folliculitis

DERMATOPHYTOSIS

Tinea corporis

Tinea capitis

Tinea barbae

Tinea faciei

Tinea pedis

Tinea manuum

Tinea cruris

Steroid-modified tinea

Dermatophytide reactions

OTHER HYPHAL FUNGI

Superficial mycoses caused by *Neoscytalidium dimidiatum*

ONYCHOMYCOSIS

CANDIDOSIS

Candidosis of the skin and genital mucous membranes

Chronic mucocutaneous candidosis

SUBCUTANEOUS MYCOSES

Sporotrichosis

Mycetoma

Chromoblastomycosis

SYSTEMIC MYCOSES

Histoplasmosis

Blastomycosis

Coccidioidomycosis

Infections caused by *Talaromyces marneffe*

Cryptococcosis

Systemic candidosis

8 Parasitic diseases

NEMATODE INFECTIONS

Onchocerciasis

Lymphatic filariasis

Cutaneous larva migrans

TREMATODE INFECTIONS

Schistosomiasis

PROTOZOAL INFECTIONS

Cutaneous leishmaniasis

Visceral leishmaniasis

9 Arthropods, stings and bites

CLASS ARACHNIDA

Spiders

Scorpions

Ticks

Mites

STINGS AND BITES

Stings: marine injuries

Bites

Part 2: Inflammatory Dermatoses

10 Psoriasis

PSORIATIC ARTHRITIS

11 Pityriasis rubra pilaris

12 Lichen planus and lichenoid disorders

13 Graft-versus-host disease

14 Eczematous disorders

MISCELLANEOUS SPECIFIED ECZEMATOUS DERMATOSES

Infective dermatitis

Infective dermatitis of children associated with human T-cell leukaemia virus 1 infection

Post-traumatic eczema

Pityriasis alba

Chronic superficial scaly dermatitis

DERMATOPHYTIDE

Halo dermatitis

OTHER RELATED DERMATOSES

Lichen simplex and lichenification

Erythroderma

15 Seborrhoeic dermatitis

16 Atopic eczema

17 Urticaria

18 Mastocytosis

19 Reactive inflammatory erythemas

20 Behçet disease

21 Neutrophilic dermatoses

22 Immunobullous diseases

INTRAEPIDERMAL IMMUNOBULLOUS
DISEASES

Pemphigus

SUBEPIDERMAL IMMUNOBULLOUS
DISEASES

Bullous pemphigoid

Mucous membrane pemphigoid

Linear iga disease

Epidermolysis bullosa acquisita

Bullous systemic lupus erythematosus

VERY RARE PEMPHIGOID DISORDERS

Dermatitis herpetiformis

23 Lupus erythematosus

24 Dermatomyositis

25 Sclerosis and morphoea

Part 3: Metabolic and Nutritional Disorders Affecting
the Skin

26 Cutaneous amyloidoses

27 Cutaneous mucinoses

28 Porphyrias

29 Nutritional disorders affecting the skin

Part 4: Genetic Disorders Involving the Skin

30 Inherited disorders of epidermal keratinisation

31 Acquired and inherited hair disorders

ACQUIRED HAIR DISORDERS

NON-SCARRING ALOPECIAS

Androgenetic alopecia and pattern hair loss

Telogen effluvium

SCARRING ALOPECIAS

Chronic cutaneous lupus erythematosus

Pseudopelade of Brocq

Central centrifugal cicatricial alopecia

Folliculitis decalvans and tufted folliculitis

Cosmetic alopecia

Non-specific cicatricial alopecia

ACQUIRED DERMATOSES OF THE SCALP

Pityriasis amiantacea

Dissecting cellulitis of the scalp

Erosive pustular dermatosis of the scalp

INHERITED HAIR DISORDERS

Hair shaft defects

EXCESSIVE GROWTH OF HAIR

Congenital generalised hypertrichosis

32 Acquired and inherited disorders of pigmentation

ACQUIRED HYPERPIGMENTATION

Physiological hyperpigmentation (tanning in response to UV radiation).

Melasma

Poikiloderma of Civatte

Hypermelanosis due to endocrine disorders

Hypermelanosis in other systemic disorders

DRUG-INDUCED HYPERPIGMENTATION

Post-inflammatory hyperpigmentation

Exogenous ochronosis

ACQUIRED HYPOPIGMENTATION

Vitiligo

Halo naevus

Post-inflammatory hypopigmentation

Progressive macular hypomelanosis

Idiopathic guttate hypomelanosis

INHERITED HYPERPIGMENTATION

DISORDERS

Incontinentia pigmenti

INHERITED HYPOPIGMENTATION

DISORDERS

Piebaldism

Waardenburg syndrome

Oculocutaneous albinism

Hypomelanosis of Ito

33 Epidermolysis bullosa

34 Genetic disorders of collagen, elastin and dermal matrix

INHERITED DISORDERS OF COLLAGEN

Ehlers-Danlos syndrome

INHERITED DISORDERS OF ELASTIC FIBRES

Inherited generalised cutis laxa

Williams-Beuren syndrome

Infantile stiff skin syndromes

Premature ageing syndromes

DISORDERS OF ECTOPIC CALCIFICATION
AND ABNORMAL MINERALISATION

Pseudoxanthoma elasticum

Miscellaneous dermal disorders

35 Disorders affecting cutaneous vasculature

36 Congenital naevi

CLASSIFICATION OF CONGENITAL NAEVI

Clinical phenotypic classification

Histological classification

Genetic classification

CONGENITAL EPIDERMAL NAEVI

CONGENITAL PIGMENT CELL NAEVI

Congenital melanocytic naevi

Congenital Spitz naevus and congenital blue
naevus

Congenital naevus spilus

CONGENITAL CONNECTIVE TISSUE NAEVI
AND FAT NAEVI

UNCLASSIFIABLE NAEVI

Becker naevus

37 DNA repair disorders with cutaneous features

38 Hamartoneoplastic syndromes

39 Inherited metabolic disorders

LYSOSOMAL STORAGE DISORDERS

Fabry disease

DISORDERS OF AMINO ACID METABOLISM
AND TRANSPORT

DISORDERS OF CHOLESTEROL SYNTHESIS

OTHER METABOLIC DISORDERS

Part 5: Psychological and Neurological Disorders and the Skin

40 Pruritus and prurigo

41 Mucocutaneous pain syndromes

42 Psychodermatology

DELUSIONAL BELIEFS

Delusional infestation

Olfactory reference syndrome

OBSESSIVE AND COMPULSIVE BEHAVIOURS

Body dysmorphic disorder

Skin-picking disorder

Trichotilosis

FACTITIOUS SKIN DISEASE

Dermatitis artefacta

Part 6: Skin Disorders Associated with Specific Cutaneous Structure

43 Acquired disorders of epidermal keratinisation

44 Acne

ACNE VARIANTS: ACNE ASSOCIATED WITH PSYCHOLOGICAL PROBLEMS

Acné excoriée

Granulomatous acne

Drug-induced acne

Acne cosmetica

Occupational acne

Acne fulminans

Acne conglobata

Acne in childhood

45 Rosacea, flushing and blushing

ROSACEA

FACIAL DERMATOSES WITH AN UNCERTAIN NOSOLOGICAL RELATIONSHIP TO ROSACEA

Idiopathic facial aseptic granuloma

Pyoderma faciale

Solid facial lymphoedema

Corticosteroid-induced rosacea-like facial dermatosis

Periorificial dermatitis

Childhood granulomatous periorificial dermatitis

FLUSHING AND BLUSHING

CAUSES OF FLUSHING

46 Hidradenitis suppurativa

47 Disorders of the sweat glands

DISORDERS OF ECCRINE SWEAT GLANDS

Hyperhidrosis

Miliaria

Neutrophilic eccrine hidradenitis

Disorders of apocrine sweat glands

48 Acquired and inherited nail disorders

NAIL SIGNS AND THEIR SIGNIFICANCE

Yellow nail syndrome

BENIGN TUMOURS OF THE NAIL

Glomus tumour

Subungual exostosis

Digital myxoid pseudocyst

Acquired unguis fibrokeratoma

Pyogenic granuloma

MALIGNANT TUMOURS OF THE NAIL

Squamous cell carcinoma

Melanoma

NAIL FOLD INFECTIONS

Acute paronychia

Herpetic paronychia

Chronic paronychia

DERMATOSES AFFECTING THE NAILS

Nail psoriasis

Darier disease of the nails

Eczema involving the nails

Lichen planus of the nails and related conditions

GENETIC DISORDERS OF NAILS

Pachyonychia congenita

Nail-patella syndrome

49 Acquired disorders of dermal connective tissue

CHANGES IN DERMAL CONNECTIVE TISSUE
DUE TO AGEING AND PHOTODAMAGE

Solar elastosis

Adult colloid milium and colloid degeneration of the skin

CUTANEOUS ATROPHY

Atrophy due to corticosteroids

Striae

Poikiloderma

Spontaneous atrophic scarring of the cheeks

Acrodermatitis chronica atrophicans

Atrophodermas

Paroxysmal haematoma of the finger

DISORDERS OF ELASTIC FIBRE
DEGRADATION

Anetoderma

Dermal elastolysis

Linear focal elastosis

FIBROMATOSES

ABNORMAL FIBROTIC RESPONSES TO SKIN
INJURY

Keloids and hypertrophic scars

PERFORATING DERMATOSES

Acquired perforating dermatosis

Elastosis perforans serpiginosa

50 Sarcoidosis and granulomatous skin disorders

51 Panniculitis

52 Lipodystrophies and other acquired disorders of
subcutaneous fat

NORMAL VARIANTS OF FAT ACCUMULATION

Cellulite

Obesity

Part 7: Vascular Disorders Involving the Skin

53 Purpura

54 Vasculitis

SMALL VESSEL VASCULITIDES

Cutaneous small-vessel vasculitis

IgA vasculitis

Cryoglobulinaemic vasculitis

Hypocomplementaemic urticarial vasculitis

ANCA-associated vasculitides

MEDIUM VESSEL VASCULITIDES

Polyarteritis nodosa and cutaneous polyarteritis nodosa

OTHER SKIN DISORDERS CHARACTERISED BY VASCULITIS

Kawasaki disease

Granuloma faciale

55 Dermatoses resulting from disorders of the arteries and veins

56 Ulceration resulting from disorders of the veins and arteries

57 Disorders of the lymphatic vessels

Part 8: Skin Disorders Associated with Specific Sites, Sex and Age

58 Dermatoses of the external ear

Skin manifestations of the ear in systemic diseases

59 Disorders of the lips and mouth

Mouth ulcers

Recurrent aphthous ulcers

Management of recurrent aphthous stomatitis

DISORDERS OF THE TONGUE

DISORDERS OF THE LIPS

MOUTH INVOLVEMENT IN SKIN DISEASES

MOUTH INVOLVEMENT IN SYSTEMIC DISEASES

LEUKOPLAKIA

ORAL SQUAMOUS CELL CARCINOMA

60 Dermatoses of the eye and eyelids

61 Dermatoses of anogenital skin

INFLAMMATORY DERMATOSES OF ANOGENITAL SKIN

Lichen sclerosus

Lichen planus

Seborrhoeic dermatitis

Psoriasis

Hidradenitis suppurativa

Zoon balanitis

Lipschutz ulcer

INFECTIVE DERMATOSES OF ANOGENITAL SKIN

Human papilloma virus

Candidiasis

Streptococcal infections

Malakoplakia

MALIGNANT AND PRE-MALIGNANT DERMATOSES

Vulval intraepithelial neoplasia

Penile intraepithelial neoplasia

Anal intraepithelial neoplasia

Squamous cell carcinoma of the anogenital skin

Verrucous carcinoma

Extramammary Paget disease

62 Dermatoses occurring in pregnancy.

63 Dermatoses of neonates

NEONATAL BARRIER FUNCTION OF SKIN

NORMAL CHANGES OCCURRING IN NEONATAL SKIN

Vernix caseosa

Peripheral cyanosis

Erythema neonatorum

Harlequin colour change

Cutis marmorata

Desquamation

Sucking blisters

Neonatal occipital alopecia

Hair shedding in infancy

Sebaceous gland hypertrophy and milia

Hyperpigmentary disorders

Oral findings

SKIN ABNORMALITIES ASSOCIATED WITH
PRETERM AND POSTMATURE STATES

SKIN LESIONS ARISING FROM PROCEDURES
PERFORMED IN THE ANTENATAL AND
NEONATAL PERIODS

NEONATAL RASHES

Toxic erythema of the newborn

Miliaria

Transient pustular melanosis

NEONATAL INFECTIONS

NEONATAL INFLAMMATORY DISORDERS

Neonatal lupus erythematosus

'Blueberry muffin' baby (dermal erythropoiesis)

Disorders of the subcutaneous fat

DEVELOPMENTAL ABNORMALITIES

Collodion baby

Aplasia cutis congenita

Congenital muscle hamartoma

HETEROTRIMERIC G-PROTEIN MOSAIC DISORDERS

McCune-Albright syndrome

Sturge-Weber syndrome

Phakomatosis pigmentovascularis

64 Dermatoses of infants

INFLAMMATORY DERMATOSES

Atopic eczema

Pityriasis alba

Cradle cap

Infantile seborrhoeic dermatitis

Napkin dermatitis

Infantile psoriasis

Parakeratosis pustulosa

Infantile acropustulosis

Infantile acne

Urticaria

VIRAL INFECTIONS

Viral exanthems

Molluscum contagiosum

BACTERIAL INFECTIONS

Impetigo

Staphylococcal scalded skin syndrome

Blistering distal dactylitis

Perianal dermatitis

FUNGAL INFECTIONS

Cutaneous candidiasis

Tinea faciei and tinea corporis

Tinea capitis

ARTHROPOD INFESTATIONS

Scabies

REACTIVE CONDITIONS

Acute haemorrhagic oedema in infancy

Kawasaki disease

Chronic bullous disease of childhood

Gianotti-Crosti syndrome

Papular urticaria

Eosinophilic pustulosis

Acrodermatitis enteropathica

DEVELOPMENTAL AND GENETIC
CONDITIONS

Dermoid cysts

Preauricular cysts and sinuses

Pigmentary mosaicism

MISCELLANEOUS CONDITIONS

Pedal papules of infancy

Calcified cutaneous nodules of the heels

Non-accidental injury

Hair loss in infancy

Langerhans cell histiocytosis

Juvenile xanthogranuloma

Mastocytosis

65 Infantile and congenital haemangiomas

Part 9: Skin Disorders Caused by External Agents

66 Cutaneous adverse reactions to drugs and
radiotherapy

BENIGN CUTANEOUS ADVERSE REACTIONS

SEVERE CUTANEOUS ADVERSE REACTIONS

Stevens-Johnson syndrome/toxic epidermal necrolysis

Acute generalised exanthematous pustulosis

Drug reaction with eosinophilia and systemic symptoms

DERMATOSES CAUSED BY
CHEMOTHERAPEUTIC AGENTS

Toxic erythema of chemotherapy

Papulopustular eruption

Investigations

CHEMOTHERAPY-INDUCED HAIR CHANGES

Chemotherapy-induced alopecia

Chemotherapy-induced hypertrichosis

CHEMOTHERAPY-INDUCED NAIL CHANGES

CHEMOTHERAPY-INDUCED PIGMENTATION
CHANGES

CHEMOTHERAPY-INDUCED
PHOTOSENSITIVITY

Phototoxic reactions

Recall reaction

DERMATOSES CAUSED BY RADIOTHERAPY

Acute radiation dermatitis

Chronic radiation dermatitis

67 Dermatoses caused by cold and heat

DERMATOSES CAUSED BY HEAT

Erythema ab igne

68 Photodermatoses

Management

Drug and chemical-induced photosensitivity

69 Contact dermatitis

Part 10: Neoplastic, Proliferative, and Infiltrative Disorders Affecting the Skin

70 Benign melanocytic proliferations and melanocytic naevi

LENTIGINES

MUCOSAL MELANOTIC LESIONS

DERMAL MELANOCYTIC LESIONS

NAEVI IN UNUSUAL SITES

NAEVI WITH UNUSUAL MORPHOLOGY

OTHER NAEVI

Spitz naevus

Blue naevus and variants

Clinically atypical naevi

71 Benign keratinocytic acanthomas and proliferations

BENIGN KERATINOCYTIC ACANTHOMAS

Seborrhoeic keratosis

Warty dyskeratoma

Clear cell acanthoma

Lichenoid keratosis

OTHER BENIGN PROLIFERATIONS

Skin tags

72 Cutaneous cysts

73 Lymphocytic infiltrates

Parapsoriasis

Jessner's lymphocytic infiltrate

74 Cutaneous histiocytoses

NON-LANGERHANS CELL HISTIOCYTOSES

75 Soft-tissue tumours and tumour-like conditions

FIBROUS AND MYOFIBROBLASTIC TUMOURS

Fibrous papule of the face/nose

Acquired digital fibrokeratoma

Pseudosarcomatous fibromatosis

Desmoplastic fibroblastoma

Palmar and plantar fascial fibromatosis
(superficial fibromatoses).

Dermatofibrosarcoma protuberans

FIBROHISTIOCYTIC TUMOURS

Dermatofibroma

Atypical fibroxanthoma

VASCULAR TUMOURS

REACTIVE VASCULAR LESIONS

Intravascular papillary endothelial hyperplasia

Glomeruloid haemangioma

BENIGN VASCULAR TUMOURS

Lobular capillary haemangioma (pyogenic
granuloma)

Epithelioid hemangioma

Hobnail haemangioma

VASCULAR TUMOURS OF INTERMEDIATE
MALIGNANCY

Kaposiform haemangioendothelioma

MALIGNANT VASCULAR TUMOURS

Angiosarcoma

TUMOURS OF PERIVASCULAR CELLS

Infantile myofibromatosis and adult myofibroma

Glomus tumour

PERIPHERAL NEUROECTODERMAL
TUMOURS

Multiple mucosal neuromas

Solitary circumscribed neuroma

Schwannoma

Solitary neurofibroma

Diffuse neurofibroma

Plexiform neurofibroma

Granular cell tumour

TUMOURS OF MUSCLE

Leiomyoma

TUMOURS OF FAT CELLS

Angiolipoma

Lipoma

TUMOURS OF UNCERTAIN HISTOGENESIS

Acral fibromyxoma

76 Tumours of skin appendages

HAIR FOLLICLE TUMOURS

Comedo naevus

EXTERNAL ROOT SHEATH TUMOURS

Trichilemmal cyst

Trichilemmoma

HAMARTOMAS AND HAIR GERM TUMOURS
AND CYSTS

Eruptive vellus hair cyst

Trichofolliculoma

Trichoepithelioma

HAIR MATRIX TUMOURS

Pilomatricoma

LESIONS OF HAIR FOLLICLE MESENCHYME

Trichodiscoma and fibrofolliculoma

SEBACEOUS GLAND TUMOURS

Sebaceous adenomas and sebaceomas

Sebaceous carcinoma

APOCRINE GLAND TUMOURS

Apocrine hidrocystoma

Syringocystadenoma papilliferum

ECCRINE GLAND HAMARTOMAS AND TUMOURS

Eccrine hidrocystoma

Eccrine poroma

Syringoma

ECCRINE OR APOCRINE/FOLLICULAR TUMOURS

Hidradenoma

Cylindroma

Spiradenoma

SWEAT GLAND CARCINOMAS, INCLUDING DUCTAL APOCRINE/FOLLICULAR CARCINOMAS

Malignant eccrine poroma

Microcystic adnexal carcinoma

MISCELLANEOUS TUMOURS

Paget disease of the nipple

77 Kaposi sarcoma

78 Cutaneous lymphomas

PRIMARY CUTANEOUS T-CELL LYMPHOMAS

Mycosis fungoides

Follicular mucinosis

Pagetoid reticulosis

Granulomatous slack skin disease

Sézary syndrome

PRIMARY CUTANEOUS CD30+

LYMPHOPROLIFERATIVE DISORDERS

Lymphomatoid papulosis

Primary cutaneous anaplastic (CD30+) large-cell lymphoma

Subcutaneous panniculitis-like T-cell lymphoma

PRIMARY CUTANEOUS PERIPHERAL T-CELL LYMPHOMA (UNSPECIFIED)

Adult T-cell leukaemia-lymphoma (HTLV-1 associated)

PRIMARY CUTANEOUS B-CELL LYMPHOMAS

Marginal zone lymphoma

Follicle centre cell lymphoma

Investigations

Diffuse large B-cell lymphoma

OTHER DISORDERS

Leukaemia cutis

Cutaneous manifestations of Hodgkin disease

79 Basal cell carcinoma

80 Squamous cell carcinoma, its precursors and skin cancer in the immunocompromised patient

LESIONS WITH UNCERTAIN OR UNPREDICTABLE MALIGNANT POTENTIAL

Actinic keratosis

Cutaneous horn

Disseminated superficial actinic porokeratosis

IN SITU CARCINOMA OF THE SKIN

Bowen disease

Differential diagnosis

Investigations

Management

SQUAMOUS CELL CARCINOMA OF THE SKIN

KERATOACANTHOMAS AND ASSOCIATED
SYNDROMES

Keratoacanthoma

Multiple self-healing squamous epithelioma

SKIN CANCER IN THE

IMMUNOCOMPROMISED PATIENT

Non-Hodgkin lymphoma/chronic lymphocytic
leukaemia

Solid-organ transplantation

81 Melanoma

82 Dermoscopy of melanoma and naevi

BENIGN DERMOSCOPIC PATTERNS IN NAEVI

DERMOSCOPY OF MELANOMA

MELANOMAS IN SPECIAL LOCATIONS

Acral melanoma

Melanoma involving the nail unit

Mucosal melanoma

OTHER MELANOMA VARIANTS

Amelanotic melanoma

Nodular melanoma

83 Merkel cell carcinoma

84 Cutaneous markers of internal malignancy.

MULTISYSTEM AND HAEMATOPOIETIC
TUMOURS THAT INVOLVE THE SKIN

Tumour spread from adjacent and distant
tissues

Peau d'orange (orange peel appearance).

Carcinoma en cuirasse

Carcinoma erysipeloides

Telangiectatic metastatic carcinoma

Cutaneous metastasis

PAGET DISEASE

Mammary Paget disease

GENETICALLY DETERMINED SYNDROMES
WITH CUTANEOUS MANIFESTATIONS

PARANEOPLASTIC DISORDERS

Acrokeratosis paraneoplastica

Erythema gyratum repens

Necrolytic migratory erythema

Deposition disorders

Paraneoplastic pigmentation

DERMATOSES ASSOCIATED WITH INTERNAL
MALIGNANCIES

Raynaud phenomenon and digital ischaemia

Erythromelalgia

Vasculitis

Chilblain-like lesions

Flushing

Hyperhidrosis

Cancer-associated thrombosis

[Paraneoplastic pruritus](#)
