# Magic box for luck

Make your magic box to get luck

Brackets

- 1 green candle
- 1 stem (or cone) of frankincense (or sage or cedar) incense
- 1 tablespoon coarse sea salt
- 1 box with lid (see Comment 3)
- 1 passport photo of yourself
- 1 ace (see Comment 4)
- 3 petals of a carnation
- 3 bay leaves
- 7 apple seeds
- Tobacco from a cigarette
- 1 rusty nail

Ritual

● On a Thursday evening, light the candle and the incense. As you collect your thoughts, put your photo in the box, face down, then possibly the ace, back up. Then place the carnation petals, bay leaves, apple seeds and tobacco in the box. Place the nail on the whole thing.

● Raising your arms to the sky, fix your gaze on the salt and pronounce the following incantation: "I appeal to the divine Forces of the Universe. May They impregnate this salt with cosmic Energy which will enable me to my wishes. So be it!". Then, extend the index finger of your left hand towards the salt, while staring at the salt and keeping your right arm pointing skyward. Hold this pose for 2 minutes. Then pour the salt into the box.
