«The Fetish Festival Cologne was a real celebration for HEAVY RUBBER enthusiasts, not only because Miss Feticious was so adorable.»

# Finally!

We've been waiting for this for so long! Finally big fetish events again to wear the heavy rubber outfits, party, chat and enjoy life surrounded by people who love rubber as much as you do.

And then the dates are getting closer: The German Fetish Ball kicked off in Berlin, closely followed by the first edition of the Fetish Festival Cologne and the BoundCon with its legendary Kesselhaus party. A party every weekend. Insanity.

We didn't even get to unpack our suitcases in between, and a lot of work was left undone in the office.

But the tightly packed dates were not all good for guests and exhibitors either: many people simply do not have enough budget for three events in a row. Designers also hardly manage to replenish stocks within a week in order to bring enough goods to the start at every event.

It is therefore to be hoped that the organizers will coordinate a little better next year. It is clear that there is always an alternative program - on and around Pentecost the WGT, Rock am Ring and Rock im Park. This year then Rammstein and Die Ärzte on tour.

But let's be honest: Even Rammstein can't make up for a weekend in rubber. We had a lot of fun, finally got to know a lot of people personally and realized how much we missed celebrating with you. And our lesson from these three tightly packed weeks:

The scene is alive and it must live on! Otherwise we all end up missing something that infinitely enriches life. So go to the events! Even if you've never been there, it's never too late for the first time, and the scene is lovely.

And buy our **HEAVY RUBBER** and the **MARQUIS**. Because - here I am a man of conviction with a penchant for a big ego: We also enrich the scene and set new impulses. And if the scene is to continue to grow and thrive, if young people are to enrich the scene, then we all have to do something for it. Even if it's just a subscription and the ticket for one of the great events!

## HEAVY RUBBER LOVE: **FREJADOTTIR**

Frejadottir was last represented in HEAVY RUBBER seven years ago. We say: That was actually far too long ago. And, as she tells us right away, a lot has happened in the meantime:

**«A lot has changed, but some things never change.»**

**Frejadottir:** I think it's great that the fetish scene has grown so big and that there is still room for both latex fetishists and those who just like the look of latex. I'm still on the Latex Addicts team. I also love that the community doesn't exclude me even though I'm in my late twenties. I still love meeting like minded people and new fetishists who love this wonderful and exciting material called latex.

**HR:** We can only agree with that. Fetish has nothing to do with age. Fetish is a matter of attitude. And just as some grow in and with the scene, so do new generations! This is what makes a healthy, lively and open scene.

**FR:** Some things in my life have changed. Divorced in 2017 after 17 years, moving to a small house with children and a dog. But late one night I came across \_teutonic\_ on Instagram, a great looking guy with a perfect body and lots of tattoos! And to top it off, he's into latex and tape gags - instant drool. I confess I spammed his account with likes that night. And what can I say: He knew my profile and also followed me!

**HR:** It can work that way. Love at first click, so to speak.

**FR:** Within just three months I had to admit to myself that he was the man of my dreams and I had to tell him that I was hopelessly in love with him and to my delight it was mutual. And that despite the fact that he is 18 years younger than me! Just a year later he packed his two cats, his guitars, his latex and moved to Denmark. Four wonderful years have passed since then.

**HR:** But what about the shared passion with children in the house?

**FR:** Latex and BDSM fetish - I could never do without it! My kids are both in their teens now so of course sneaking around in full latex with a strap-on or practicing loud screaming isn't as easy when it comes to heavy spanking or hardcore bondage, but where there's a will, there is also a way. Tape and ball gags and closed hoods help scream, hehe.

**HR:** How did the love for latex material come about?

**FR:** Oh, my fetish for latex dates back to my teenage years. The first time I saw latex was on the cover of a magazine: a girl in a black catsuit, high heeled platform boots, gloves and a hood with rubber tubes for hair! It was LOVE AT FIRST SIGHT! I knew then that I had to have something like this to complete my life.

**HR:** And when did you first wear latex yourself?

**FR:** That was only about 15 years ago! It was panties. When I unboxed it, I was immediately turned on by the smell and feel of latex. I wore it in the shower and felt sexier and more aroused than ever. I couldn't stop touching the wet latex - caressing and rubbing it to feel it enveloping my body like a second skin.

In the meantime, I take every occasion to wear latex. In a restaurant or to a concert I like to wear a full latex outfit with a skirt and a top or in combination with vanilla clothing. Or just latex underwear as a hidden secret under my normal clothes.

**HR:** That sounds exciting! And what's your favorite outfit?

**FR:** My ultimate favorite outfit is still: catsuit, gloves, different kinds of masks and depending on the mood corset and high heels, all in black. My greatest wish is to one day be able to afford a HW design corset and neck corset.

**HR:** Has latex changed your life in any other way?

**FR:** Through the experience with latex, all my quirks evolved in the hardcore direction. Completely encased in latex, straight jackets, sleeping bag, vacbed, breathplay with all kinds of gags and gas masks. BDSM with humiliation, piss play, anal play, rimming and pegging, spitting, slapping and whipping - just to name a few.

**HR:** That's quite a wide range.

**FR:** My latex fetish also opened the door to my inner dominatrix, so it's like a switch that allows me to experience the best of both sides - give and take. Today I no longer believe that I have many limits as far as my inclinations are concerned. I love it when lust takes over and I'm in a state of ecstasy, when my latex covered body rubs against another latex body, when it smells like hot latex and sex and when the sub/dom relationship is undeniable in that moment is.

**HR:** Frejadottir, thank you for the interview and we really hope it won't be another seven years before we see you again!

**HR:** Frejadottir, wir danken dir für das Gespräch, und wir hoffen sehr, dass es nicht wieder sieben Jahre dauert, bis wir dich wiedersehen!
