Trance Healing 1

Entering the supernatural

INTRO

The place where it all began and where it all will end. I will never forget that place. It is the moment, this fleeting moment we call the here and now. Now is the moment, here is the place. The tip of the second hand, the spot on the earth where I stand. I can focus all my attention on this place and find everything I ever wish to discover in this place. Where else?

It is the centre of the present, the midpoint of my world, the summit of the mountain that I am ready to climb and which I climb with every breath I take. It is a place that lies so obviously before my eyes that I have not seen it for many years of my life. I preferred to look far away instead of pausing and observing my breath and see where it comes from and where it flows to.

It comes from the place and goes to the place where everything began and where everything will end, in the eternal alternation of tension and relaxation. It comes from me.

Contents

INTRODUCTION

What does this book offer you?

What is Trance Healing?

The three kinds of medial work

Prerequisites of healing

Training as a healing medium

My wish for you

1 FEELING YOURSELF

Exercise 1: Self-perception

What is our physical body and why is it so important?

2 FEELING ANOTHER

Exercise 2: How do others affect us?

Respecting privacy

How does medical clairvoyance work?

The myth of mediumship

Delimitation

3 INTERPLAY

Exercise 3: How do we affect others?

Our Ego

The gateway to the spiritual world

4 THE SPIRITUAL WORLD

How do we perceive a spirit being?

What is a spirit being?

Exercise 4: Who comes when we call?

The helper being

The hierarchy in the spiritual world

5 HEALING AND PROTECTION

Exercise 5: How do we affect others when our helper being is present?

Protection against dangers of the spiritual world

Protection in trance state

The dark energies of today

Who's healing who?

An interview

Stopover

THANK YOU

God

Since you know everything,

I don't want to pray.

I'm breathing in,

and I exhale,

and I see,

you smile.

Amen

INTRODUCTION

What does this book offer you?

Hello dear Reader

I am pleased that you are interested in the supernatural, healing, the spiritual world in general and Trance Healing in particular. Your interest shows that you are searching and open for what else there is in this world besides the things you already know. The world we live in offers a wealth of possibilities. Most people know and use only a small part of them.

Trance Healing is one of these possibilities. It is first and foremost a healing method that offers more than classical spiritual healing. It is a way of life and a force that gives meaning and helps you to make dreams come true, in every area of your life.

With this book I would like to introduce you to this fascinating and simple healing method. Instead of just telling you how great this method is, I want to teach you its techniques right away. Acquiring these techniques is very easy for you – just as any work with the spiritual world is very easy. You may need some practice if you want to use them professionally, but that's no big deal.

The special thing about Trance Healing is that on the one hand you learn a healing method and are immediately able to help people. On the
