The Wiley Blackwell Companions to Religion

The Wiley Blackwell Companions to Religion series presents a collection of the most recent scholarship and knowledge about world religions. Each volume draws together newly-commissioned essays by distinguished authors in the field, and is presented in a style which is accessible to undergraduate students, as well as scholars and the interested general reader. These volumes approach the subject in a creative and forward-thinking style, providing a forum in which leading scholars in the field can make their views and research available to a wider audience.
