## ***PREFACE***

---

For many people, making an impact is always something they shift to the future. Not very many people try to take the bull by the horns.

In this book, I try to put together for you what you most likely would need, and I try to show you step by step how you can truly make an impact.

I advise you to read this book without having any false ideas behind your mind. I want you to open your mind as you read through this book.

It is possible for you also to make an impact

Best Regards  
Engr. Faveur Aribé Gaius,
