## Introducción

*E*xpresiones del inglés americano inglés-español/español-inglés ha sido diseñado para estudiantes y profesores de inglés como lengua extranjera –ILE– o como segunda lengua –ISL–, y consiste en una lista no exhaustiva de expresiones del inglés americano.

Al concebir este libro, partimos de la idea de que para mejorar la competencia comunicativa en inglés es necesario conocer un conjunto grande de expresiones, cuyos significados se entienden de mejor manera en el contexto de situaciones particulares de la cultura americana en general.

Este libro brinda a los estudiantes y profesores de inglés una oportunidad excepcional para adentrarse en el mundo de las expresiones de uso común del inglés americano, tanto para el aprendizaje como para la enseñanza de ILE o ISL. Asimismo, ofrece a sus lectores la posibilidad de explorar un conjunto amplio de expresiones del inglés formales e informales de uso diario de hablantes nativos del inglés americano en una variedad de situaciones y contextos.

Los lectores encontrarán en este libro el significado en español para cada expresión, junto con ejemplos de oraciones en inglés como modelos para que estructuren sus propias construcciones a partir de ellas. También se ofrecen ilustraciones que refuerzan la comprensión de algunas de las expresiones presentadas.

Los usuarios pueden utilizar este libro como:
