About the Book

Little fibs can lead to big trouble!

Julian hates bicycles. He thinks they are boring and stupid . . . and maybe just a little bit scary. But his best friend, Gloria, has just got a new bike, and all she wants is to go cycling with him.

Julian needs to think of an excuse, and fast. Surely anything is better than braving a bicycle. Even if it means sweeping floors, weeding the garden and doing chores all summer . . .
