Welcome to EZ Cheats, Cheats Unlimited's collection of the greatest cheats, tips, secrets and unlocks for Xbox 360 and Xbox 3rd Edition!

There's an old saying, which goes a little something like this: "if at first you don't succeed, cheat". It's a helpful little adage, one that has helped many an athlete to a gold medal in the past (before they were forced to give it back) and something that has assisted in the completion of difficult video games for many years too.

While some players would be content to keep mashing away at the buttons, having their backside kicked by thugs, zombies, demons or animals to the point where controllers, televisions and sometimes even limbs were broken, the more crafty would call upon that fateful reserve - the cheat code. With a few button presses, or maybe a handy or humorous password, those who had caused us to curse to the high heavens would instead be left trailing in our wake.

As time went on, the world of cheating changed too. For some, cheating and cheat codes were no longer a crutch for getting through a game, rather a reward for finishing them off their own steam. A second play-through with cheats enabled made for a far more exciting turn of events. In some instances, cheats stopped being about actual "cheating" and simply became about changing the environment for a new experience. You might be adding invisible walls to a football pitch or simply giving big heads to everybody in the surrounding area.

Cheat Codes themselves were joined by the likes of tips, handy pieces of advice to help you through a certain section, or secrets and unlocks - additional features, characters and other extras that can be earned by performing certain tasks within a game.

The arrival of the HD consoles even brought a new feature to the world of gaming, visual awards that could be shown off to other gamers. Microsoft set the ball rolling with their Achievements system for Xbox 360, while Sony followed suit with Trophies. With players now able to provide proof of their skills to others, the desire for help in completing the set tasks became even greater. You couldn't cheat them, but you could certainly gain assistance in earning them. Secret Trophies and Achievements, the objectives for which remained hidden, left players hungrily searching for what they needed to do in order to get that elusive mark on their gamer-cards.

One thing is for sure, while the likes of cheats and tips themselves have gone through a number of changes over the years, there's something that has remained constant, which is that Cheats Unlimited has been there to provide them to the general public. Through phone lines, fax machines, Web sites, WAP sites and more, the Cheats Unlimited brand, fronted by the glamorous and gorgeous Cheatemistress, has been there for over 5 million gamers, when they needed us most.

When bosses got the better of you, Cheats Unlimited was there. If your weapons were always running out of ammo, Cheat Unlimited was there. Even if the weather took a turn for the worse, and you just wanted a spot of extra fun from your games, Cheats Unlimited was there for you when the rain started to pour. And we're still here for you, 24 hours a day and 7 days a week, with this Cheat Book that you're reading right now a testament to the hard work we've put in for you, the gamers, over these past twelve years.

This book brings together an amazing selection of cheat codes, tips, unlockables and secrets for Xbox 360 and Xbox consoles. Whether you want to find out how to spawn specific vehicles, learn how to open up harder difficulty settings, or discover sneaky ways to earn additional in-game

currency, we have the answers. Where once you were lost, now you will be found, all courtesy of the Cheat Mistress and Cheats Unlimited. As a bonus we've included the full walkthrough guide for Halo: Reach. Enjoy!

007 James Bond: Agent Under Fire

Gold Bonuses - Single Player Mode Cheats

Although the game tells you what you need to do to get the gold bonuses, it doesn't actually tell you what these bonuses are. Thank goodness I'm not so cruel!

Unlock the Golden Gun

First off, if you can accomplish the Gold target of 50,000 points on Mission 1: Trouble in Paradise, you will unlock the Golden Gun, which will then be in your inventory at the start of all walking missions.

Unlock the Golden CH-6

Moving on, if you earn the Gold target of 50,000 points on Mission 2: Precious Cargo, you will unlock the Golden CH-6. Again, this will then become permanently available in all walking missions.

Unlimited Missiles

Next up, by achieving the Gold target of 70,000 points in Mission 3: Dangerous Pursuit, you will unlock Unlimited Missiles. However, this cheat will only apply to the driving levels in the game.

Golden Accuracy Mode

Continuing onwards, if you can meet the Gold target of 70,000 points in Mission 4: Bad Diplomacy, you will unlock Golden Accuracy, which should ensure that none of your shots go astray.

Golden Clip Mode

Next, by reaching the rather large Gold target of 90,000 on Mission 5: Cold Reception, you will unlock the Golden Clip. This particular cheat will only be available in the walking missions of the game.

Unlock Gold Grenades

Following quickly on, if you can make it to the Gold target of 90,000 points on Mission 6: Night of the Jackal, you will be blessed with a supply of gold grenades. With the cheat unlocked, the grenades will be in your inventory at the start of every walking mission.

Unlock the Lotus Esprit

Next up, if you can clear the Gold target of 100,000 points in Mission 7: Streets of Bucharest, you will unlock a brand new car. Once you've reached this target, the Lotus Esprit will become your car of choice in the single player driving missions.

Rapid Fire Mode

The same Gold target of 100,000 points must be reached in Mission 8: Fire and Water, if you wish to unlock the Rapid Fire cheat. Once you've unlocked this cheat, pauses between shots and reloading will become a thing of the past.

Unlock Golden Armour

Continuing swiftly onwards, if you can reach the challenging Gold target of 110,000 points for Mission 9: Forbidden Depths, you will unlock Golden Armour. With this unlocked, it will be attached to your person at the start of each walking mission, thus making it harder for enemies to attack you.

Unlock Golden Bullets

The targets keep getting bigger, and with Mission 10: Poseidon, you need to reach a Gold target of 120,000 points. After you've done this, you will unlock Golden Bullets, which will help you to do a lot more damage than normal during the walking missions.

Unlock Regenerative Armour

There are just two more awards to go, the first of which is yours if you reach the Gold target of 130,000 points on Mission 11: Mediterranean Crisis. By reaching this target, you'll unlock regenerative armour, which means that your armour will restore itself after you've been hit! It's the closest thing to invincibility you can get!

Unlimited Ammo

Finally, if you can reach the Gold target of 130,000 points on Mission 12: Evil Summit, you will unlock Unlimited Ammo. After you've done this, you'll never have to worry about your weapons running dry in the heat of battle again, and it will sure make the Mission 13: Final Battle a heck of a lot easier!
