[Icons Used in This Book](#)

[Where to Go from Here](#)

[Book I: The Basics of Building Wealth](#)

Book I: Chapter 1: The Basics of Building Wealth

The Road to Building Wealth Starts Here. . .

The Net Worth Statement

Use the Net Worth Statement to Reach Your Goals

Avoid Bad Debt

Dump Debt Sooner

Pay more than the minimum

Reduce your rates

Accelerate your payments

Start Saving

Understanding Risk and Reward

What's the worst-case scenario?

What's the best I can hope for?

What's a realistic course?

Realizing Gains through Compounding

Focusing on a Goal

Starting Your Savings Now

Starting and Staying with a Diversified

Investment Approach

Developing a Dollar Cost Averaging Plan

Book I: Chapter 2: Playing It Safe

Starting with Savings Accounts

Tiered Accounts

Diving in to Savings Accounts

Considering Guaranteed Investment Certificates

Comparing GICs

Checking up on savings accounts and GICs

Learning about Bond Basics

Understanding how bonds work

Recognizing different types of bonds

Identifying potential bond investments

Purchasing Bonds

Looking at Bond Performance: The Indices

Checking out the DEX

Coping with poor performance

Book I: Chapter 3: Mind your Rs and Ts: RRSPs and TFSAs

Investing in RRSPs

The key benefits of RRSPs

How much you can contribute

Deciding where to put your RRSP money

Self-directed RRSPs

Income splitting and spousal RRSPs

Foreign content inside RRSPs

Borrowing from your RRSPs for a home or education

[Cashing in your RRSPs — and the benefits of RRIFs](#)

[What Is a Tax-Free Savings Account?](#)

[The TFSA rules](#)

[The TFSA vs. the RRSP](#)

[Comparing pooled and open RESPs](#)

[Considering the disadvantage of RESPs](#)

[Transferring RESP funds into an RRSP](#)

[Investing with Your Eye on Taxes](#)

[Savings accounts](#)

[GICs](#)

[Mutual funds](#)

[Bonds](#)

[Stocks](#)

[Tax-deferred investing with RRSPs](#)

[The \(tax\) price you pay for tapping your retirement accounts early](#)

[Book II: Making Money with Mutual Funds](#)

[Book II: Chapter 1: Understanding Mutual Funds](#)

[Mutual Fund Basics](#)

[The Nitty Gritty: How a Fund Makes You Money](#)

Returns — What's in it for you?

Returns as a percentage

How funds can make you rich

What mutual funds buy

Types of Funds

Reasons to Buy Funds

Offering safety in numbers: Public
scrutiny and accountability

Putting your eggs in many baskets

Getting good returns from professional
management

Investing without breaking the bank

Watching over your investment

Cashing out — Getting your money if you
need it

Perils and Pitfalls of Funds

Excessive costs

When bad managers attack

Can't see the forest for the funds

Vague explanations of poor performance

Prospectuses that don't say enough

Too many funds and too few long-term
results

Load versus No-Load — The Great Divide

Load funds — The comfort zone

No-load funds — The direct approach

Book II: Chapter 2: Figuring Out Fees — Discount or Full-Service Brokers?

What Are Discount Brokers?

Considering the savings

Getting set up with a discounter

Weighing the Advantages of a Discount Broker

Your one-stop shop — Convenience

Access to a broad selection of options

A wealth of investing information

A break on costs

Investigating the Disadvantages of Discounters

Picking a Discounter

Getting a feel for the service

Finding the right discounter for you

Considering a mutual fund discount broker

Buying Where You Bank

Providing one-stop shopping

Keeping it together

Offering appealing options

Fighting for the right to serve you

Buyer Beware: Shortfalls in Bank Offerings

[Few options](#)

[Overworked and underpaid: Not just you, some bankers too](#)

[Lack of pressure to perform](#)

[Alphabet Soup: Figuring Out All Those Titles](#)

[Commissioned advisers](#)

[Fee-only financial planners](#)

[Fee-based investment advisers](#)

[Salaried advisers](#)

[Deciding Whether to Pay a Fee or a Commission](#)

[Paying fees](#)

[Going with a commission-paid adviser](#)

[Considering and Finding the Right Adviser or Planner](#)

[The right way to pick an adviser](#)

[The wrong way to pick an adviser](#)

[Getting Started with Direct Sellers](#)

[Paying to play](#)

[Considering whether a direct seller is right for you](#)

[The Advantages of Dealing with an Independent No-Load Company](#)

Putting more money in your pocket
Offering advice for adults
Keeping things simple
Allowing frequent trades

Weighing the Drawbacks of Going Direct

Significant levels of cash required
Lack of choice

Book II: Chapter 3: Surveying Your Fund Options

Why Investing in Stocks Is Simple
The ABCs of Picking a Fund

Select from all industries
Hold blue-chip winners
Check out past performance, with caution

How Many Equity Funds Do You Need?

Deciding how much to put into equity funds
Dividing your money between Canadian and foreign equity funds
How do you split your money among equity funds?

Global Equity Funds: Meet Faraway People and Exploit Them
