Part 1 General Issues

1 Introduction

Brian H. Rowe & Peter C. Wyer

Case scenario

Introduction

Why EBEM?

Levels of evidence

Levels of evidence and systematic reviews

The Cochrane Collaboration

*The Cochrane Library and emergency
medicine*

Question development

Locating the evidence: literature searching

Clinical epidemiology terminology

*Collecting and interpreting the evidence for
clinical practice*

Conclusions

Acknowledgments

Conflicts of interest
References

2 Knowledge Translation: A Primer for Emergency Physicians

Eddy S. Lang, Peter C. Wyer & Marc Afilalo

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Conflicts of interest

References

3 Critical Appraisal: General Issues in Emergency Medicine

Suneel Upadhye

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature:

Conclusions

Acknowledgments

Conflicts of interest

References

4 Continuing Education

Joel Lexchin

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Conflicts of interest
References

5 Quality Improvement

Andrew Worster & Ann McKibbin

Clinical scenario
Background
General search strategy
Clinical questions
Critical review of the literature
Conclusions
Acknowledgments
References

6 Medication Adherence

Ursula Whalen & Sunil Kripalani

Case scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Conflicts of interest
References

7 Emergency Department Triage

Sandy L. Dong & Michael Bullard

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Acknowledgments

Conflicts of interest

References

8 Emergency Department Overcrowding

Michael Schull & Matthew Cooke

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Conflicts of interest

Part 2 Respiratory.

9 Emergency Management of Asthma Exacerbations

Brian H. Rowe & Carlos A. Camargo, Jr.

Case scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Acknowledgments
Conflicts of interest
References

10 Chronic Obstructive Pulmonary Disease Exacerbations

Brian H. Rowe & Rita K. Cydulka

Case scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Conflicts of interest
References

11 Diagnosis and Treatment of Community-Acquired Pneumonia

Sam G. Campbell & Tom Marrie

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature

Conclusions
Conflicts of interest
References

12 Deep Vein Thrombosis

Eddy S. Lang & Phil Wells

Case scenario
Background
General search strategy
Clinical questions
Conclusions
Acknowledgments
References

13 Pulmonary Embolism

Phil Wells & Michael Brown

Case scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Acknowledgments
References

14 Prevention and Treatment of Influenza

Stephen R. Pitts

Case scenario
Background

Clinical questions
General search strategy
Critical review of the literature
Conclusions
References

15 Anaphylaxis

Theodore Gaeta

Case scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Acknowledgments
Conflicts of interest
References

Part 3 Cardiology

16 Chest Pain

Alain Vadeboncoeur, Jerrald Dankoff & Eddy S. Lang

Case scenario
Background
Clinical questions
General search strategy
Critical appraisal of the literature
Conclusions
References

17 Acute Coronary Syndromes,

Kirk Magee

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Acknowledgments

Conflicts of interest

References

18 Acute Myocardial Infarction

Bjug Borgundvaag

Case scenario

Background

Clinical questions

General search strategy

Critical appraisal of the literature

Conclusions

References

19 Acute Decompensated Heart Failure

Brett Jones & Sean P. Collins

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions
References

20 Atrial Fibrillation,

Barry Diner

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Acknowledgments
Conflicts of interest
References

21 Ventricular and Supraventricular Arrhythmias

Eddy S. Lang & Eli Segal

Case scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Acknowledgments
References

22 Cardiac Arrest

Riyad B. Abu-Laban & Michael Shuster

Case scenario

Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Reference

Part 4 General Medical Conditions, 235

23 Severe Sepsis and Septic Shock

Peter W. Greenwald, Scott Weingart & H. Bryant Nguyen

Case scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Acknowledgments
References

24 Delirium

Denise Nassisi & Andy Jagoda

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions

References

25 Caring for the Elderly

Christopher R. Carpenter, Michael Stern & Arthur B. Sanders

Case scenario

Background

Clinical questions

General search strategy

Critical appraisal of the literature

Conclusions

Acknowledgments

Conflicts of interest

References

26 Syncope

Richard Lappin & James Quinn

Clinical scenario

Background

Clinical questions

General search strategy

Conclusions

Acknowledgments

Conflicts of interest

References

27 General Toxicology

Luke Yip, Nicole Bouchard & Marco L.A. Sivilotti

SCENARIO 1

Clinical scenario

Background

Clinical questions
General search strategy
Conclusions

SCENARIO 2

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions

SCENARIO 3

Clinical scenario
Background
General search strategy
Clinical question
Critical review of the literature
Conclusions
Acknowledgments
Conflicts of interest
References

28 Toxicology: Acetaminophen and Salicylate Poisoning

Mark Yarema & Richard Dart

Case scenario
Background
Clinical questions
General search strategy

**Critical review of the literature:
acetaminophen**

Critical review of the literature: salicylate

Conclusions

Conflicts of interest

Part 5 Injury,

29 Mild Traumatic Brain Injury

Jeffrey J. Bazarian & Will Townend

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Conflicts of interest

References

30 Neck Injuries

Marcia L. Edmonds & Robert Brison

Clinical scenario

Background

Clinical questions

General search strategy

Conclusions

Acknowledgments

References

31 Ankle Injuries

Jerome Fan

Clinical scenario

Background

Clinical questions

Critical review of the literature

Conclusions

Acknowledgments

Conflicts of interests

References

32 Knee Injuries

Anita Pozgay & Elisabeth Hobden

Case scenario

Background

Clinical questions

General search strategy

Conclusions

References

33 Wrist injuries

Sandy L. Dong & Brian H. Rowe

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Acknowledgments

Conflicts of interest

References

34 Shoulder Injuries

Jenn Carpenter, Marcel Emond & Robert Brison

Clinical scenarios

Background

Clinical questions

General search strategy

Critical appraisal of the literature

Conclusions

Conflicts of interest

References

35 Chest Trauma

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

References

36 Hemorrhagic Shock

Dennis Djogovic, Jonathan Davidow & Peter Brindley

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

References

Part 6 Genitourinary and Abdominal,

37 Acute Appendicitis

James A. Nelson & Stephen R. Hayden

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

References

38 Ectopic Pregnancy

Heather Murray & Elisha David Targonsky

Clinical scenario

Background

Clinical questions

General search strategy

Critical appraisal of the literature

Conclusions

Acknowledgement

39 Acute Ureteric Colic

Andrew Worster

Clinical scenario

Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Acknowledgments
Conflicts of interest
References

40 Urinary Tract Infection

Rawle A. Seupaul, Chris McDowell & Robert Bassett

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Conflicts of interest
References

41 Pelvic Inflammatory Disease

Linda Papa & Kurt Weber

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
References

42 Pregnancy

Ashley Shreves

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Conflicts of interest

References

43 Gastrointestinal Bleeding

Michael Bullard & Justin Cheung

Clinical scenario

Background

Clinical questions

General search strategy

Clinical review of the literature

Conclusions

Acknowledgments

References

Part 7 Neurosciences

44 Transient Ischemic Attack

Ted Glynn

Case scenario

Background

Clinical questions

General search strategy
Critical review of the literature
Conclusions
References

45 Stroke

William J. Meurer & Robert Silbergleit

Case scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Conflicts of interest
References

46 Subarachnoid Hemorrhage

Jeffrey J. Perry

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Acknowledgments
Conflicts of interest
References

47 Bacterial Meningitis

Cheryl K. Chang & Peter C. Wyer

Case scenario

Background

Clinical questions

General search strategy

Critical appraisal of the literature

Conclusions

References

48 Migraine and Other Primary Headache Disorders

Benjamin W. Friedman

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

References

49 Seizures

Elizabeth B. Jones

Clinical scenario

Background

Clinical questions

General search strategy

Conclusions

Conflicts of interest

References

50 The Agitated Patient

Michael S. Radeos & Edwin D. Boudreaux

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Conflicts of interest

References

Part 8 ENT

51 Sore Throat

Benson Yeh & Barnet Eskin

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Acknowledgments

Conflicts of interest

References

52 Rhinosinusitis

Errol Stern

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

References

53 Conjunctivitis

Nicola E. Schiebel

Case scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

References

Part 9 Minor Procedures

54 Procedural Sedation and Analgesia

David W. Messenger & Marco L. A. Sivilotti

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

References

55 Wound Repair

Helen Ouyang & James Quinn,

Case scenario

Background

Clinical questions
General search strategy
Critical review of the literature:
Conclusions
Conflicts of interest
References

56 Soft Tissue Abscess,

Heather Murray

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
Conflicts of interest
References

57 Ultrasound Use: Three Select Applications

Srikar Adhikari & Michael Blaivas

Clinical scenario
Background
Clinical questions
General search strategy
Critical review of the literature
Conclusions
References

Part 10 Public Health

58 Injury Prevention

Mary Patricia McKay & Liesl A. Curtis

Clinical scenarios

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Conflicts of interest

References

59 Intimate Partner Violence

Debra Houry

Clinical scenario

Background

Clinical questions

General search strategy

Conclusions

Conflicts of interest

References

60 Smoking Cessation

Lisa Cabral & Steven L. Bernstein

Clinical scenario

Background

Clinical questions

General search strategy

Conclusions

Conflicts of interest
References

61 Immunization

Jeremy Hess & Katherine L. Heilpern

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Acknowledgments

Conflicts of interest

References

62 Alcohol and Other Drugs

Barbara M. Kirrane, Linda C. Degutis & Gail D'Onofrio

SCENARIO 1

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

SCENARIO 2

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Conflicts of interest
References

63 Elder Abuse

Ralph J. Riviello

Clinical scenario

Background

Clinical questions

General search strategy

Critical review of the literature

Conclusions

Conflicts of interest

References

Index

This book is dedicated to:

Our patients, who have generated the clinical questions proposed in this book and who deserve our best efforts to identify, synthesize, update and disseminate evidence-based care;

The many practitioners from within and outside emergency medicine who have helped advance the field of evidence-based emergency medicine over the past two decades;

And finally to our families, especially our spouses/partners, for their support and encouragement throughout our careers and during the production of this book.

Evidence-based Emergency Medicine

EDITED BY

BRIAN H. ROWE MD, MSc, CCFP(EM), FCCP

Professor and Research Director, Department of Emergency Medicine
University of Alberta, Edmonton, Alberta, Canada

SECTION EDITORS

EDDY S. LANG MDCM, CCFP(EM), CSPQ

Assistant Professor of Emergency Medicine
Department of Family Medicine, McGill University, Montreal
and Attending Physician, Emergency Medicine
SMBD Jewish General Hospital, Montreal, Quebec, Canada

MICHAEL BROWN MD, MSc

Professor of Epidemiology and Emergency Medicine
College of Human Medicine, Michigan State University
Spectrum Health – Butterworth Hospitals
Grand Rapids, Michigan, USA

DEBRA HOURY MD, MPH

Director, Center for Injury Control
Vice Chair for Research
Department of Emergency Medicine, Emory University
Atlanta, Georgia, USA

DAVID H. NEWMAN MD

Assistant Professor
Department of Medicine
Columbia University College of Physicians and Surgeons
New York, USA

PETER C. WYER MD

Associate Clinical Professor, Department of Medicine
Columbia University College of Physicians and Surgeons
New York, USA
