**About this book**

**Introduction: Diagnostic and  
therapeutic approaches in small  
animal general practice**

**Section 1: Health checks and  
vaccinations**

**1 The new puppy or kitten**

**Pre-purchase advice**

**The first consultation**

**The clinical examination**

**General findings**

**Vaccination**

**Antiparasitic treatment**

**Further advice**

**Additional recommendations**

## **2 The annual health check**

**Problems that might be raised by owners**

**The clinical examination**

**Recommending treatments and procedures**

**Vaccination**

**Other forms of preventative medicine**

## **3 Advising on spaying and castration**

**Reasons for neutering**

**Disadvantages or complications associated with surgical neutering**

**Recommended age for neutering**

**Chemical control of breeding**

**Overall recommendations**

## **Section 2: General signs and illnesses**

### **4 Inappetence and anorexia**

**Common differential diagnoses**

### **5 Weight loss**

**Common differential diagnoses**

### **6 Polydipsia and polyuria**

**Common differential diagnoses**

### **7 Pyrexia**

**Common differential diagnoses**

### **8 Anaemia**

**Common differential diagnoses**

### **9 Jaundice**

**Common differential diagnoses**

### **10 Collapse**

**Common differential diagnoses**

### **11 Abdominal distension**

**Common differential diagnoses**

**12 The FeLV-positive cat**  
**Aetiology and pathogenesis**  
**History and clinical signs**

**13 The FIV-positive cat**  
**Aetiology and pathogenesis**  
**History and clinical signs**

**14 The cat with FIP**  
**Aetiology and pathogenesis**  
**History and clinical signs**

## **Section 3: Skin problems**

**15 The itchy dog**  
**Common differential diagnoses**

**16 The itchy cat**  
**Common differential diagnoses**

**17 Diagnosing and treating skin diseases caused by ectoparasites**  
**Aetiology and pathogenesis**  
**History and clinical signs**

**18 The dog with demodicosis**

**Aetiology and pathogenesis**  
**History and clinical signs**

**19 The dog with pyoderma or Malassezia dermatitis**

**Aetiology and pathogenesis**  
**History and clinical signs**

**20 The atopic dog**

**Aetiology and pathogenesis**  
**History and clinical signs**

**21 The dog with a hot spot**

**Aetiology and pathogenesis**  
**History and clinical signs**

**22 The dog with acral lick dermatitis (lick granuloma)**

**Aetiology and pathogenesis**  
**History and clinical signs**

**23 Anal sac problems**

**Aetiology and pathogenesis**  
**History and clinical signs**

**24 Ear infections**

**Aetiology and pathogenesis**  
**History and clinical signs**

**25 Pododermatitis**

**Common differential diagnoses**

**26 The dog or cat with a cutaneous lump or swelling**

**Common differential diagnoses**

**27 The dog with urticaria or angioedema**

**Aetiology and pathogenesis**

**History and clinical signs**

**Differential diagnoses**

**28 The cat-bite abscess**

**Aetiology and pathogenesis**

**History and clinical signs**

**29 Lipomas**

**Aetiology and pathogenesis**

**History and clinical signs**

**30 The dog with a histiocytoma**

**Aetiology and pathogenesis**

## **History and clinical signs**

### **31 Mast cell tumours**

**Aetiology and pathogenesis**

**History and clinical signs**

### **32 Sebaceous adenomas and follicular cysts**

**Aetiology and pathogenesis**

**History and clinical signs**

### **33 The dog that is losing hair**

**Common differential diagnoses**

### **34 Dermatophytosis**

**Aetiology and pathogenesis**

**History and clinical signs**

### **35 Skin problems in non dog/cat species**

**Common skin diseases and symptoms in rabbits**

**Common skin diseases and symptoms in hamsters**

**Common skin diseases and symptoms in Guinea pigs**

**Common skin diseases and  
symptoms in caged birds**

**Section 4: Gastrointestinal  
problems**

**36 Dental disease**

**Aetiology and pathogenesis**

**History and clinical signs**

**37 Retching and gagging**

**Common differential diagnoses**

**38 Vomiting**

**Common differential diagnoses**

**39 Diarrhoea**

**Common differential diagnoses**

**40 The dog with haemorrhagic  
gastroenteritis**

**Aetiology and pathogenesis**

**History and clinical signs**

**Important differential diagnoses**

**41 Colitis**

***Aetiology and pathogenesis***  
***History and clinical signs***  
***Important differential diagnoses***

**42 Liver disease**

***Aetiology and pathogenesis***  
***Common differential diagnoses***

**43 The dog or cat with pancreatitis**

***Aetiology and pathogenesis***  
***History and clinical signs***  
***Important differential diagnoses***

**44 The dog with gastric dilatation  
and volvulus**

***Aetiology and pathogenesis***  
***History and clinical signs***  
***Important differential diagnoses***

**45 Obstipation and megacolon**

***Aetiology and pathogenesis***  
***History and clinical signs***

**Section 5: Musculoskeletal  
problems**

**46 Orthopaedic problems in young and growing dogs**

**Aetiology and pathogenesis**

**History and clinical signs**

**47 Forelimb lameness**

**Common differential diagnoses**

**48 Hindlimb lameness**

**Common differential diagnoses**

**49 Cranial cruciate ligament insufficiency**

**Aetiology and pathogenesis**

**History and clinical signs**

**50 Advising on osteoarthritis**

**Aetiology and pathogenesis**

**History and clinical signs**

**51 Initial fracture diagnosis and management**

**Aetiology and pathogenesis**

**History and clinical signs**

**52 Spinal pain and intervertebral disc herniation**

**Common differential diagnoses**

**Section 6: Cardio-respiratory problems**

**53 Coughing**

**Common differential diagnoses**

**54 The dog with kennel cough**

**Aetiology and pathogenesis**

**History and clinical signs**

**55 Sneezing and nasal discharge**

**Common differential diagnoses**

**56 The puppy or kitten with a heart murmur**

**Aetiology and pathogenesis**

**Common differential diagnoses**

**57 The dog with heart failure**

**Aetiology and pathogenesis**

**Common differential diagnoses**

**History and clinical signs**

**58 The dyspnoeic cat**

**Common differential diagnoses**

## **Section 7: Eye problems**

**59 Eyelid problems**

**Aetiology and pathogenesis**

**History and clinical signs**

**60 Conjunctivitis**

**Common differential diagnoses**

**61 Corneal ulcers**

**Aetiology and pathogenesis**

**History and clinical signs**

**62 Cataracts**

**Aetiology and pathogenesis**

**History and clinical signs**

**63 Blindness**

**Common differential diagnoses**

## **Section 8: Urinary tract problems**

### **64 The dog with signs of cystitis or haematuria**

**Common differential diagnoses**

### **65 The cat with signs of cystitis or haematuria**

**Common differential diagnoses**

### **66 The blocked cat**

**Aetiology and pathogenesis**

**History and clinical signs**

**Important differential diagnoses**

### **67 The dog with urinary incontinence**

**Aetiology and pathogenesis**

**History and clinical signs**

### **68 Chronic renal failure**

**Aetiology and pathogenesis**

**History and clinical signs**

**Important differential diagnoses**

### **69 The dog with prostatic disease**

*Aetiology and pathogenesis*  
*History and clinical signs*

## **Section 9: Reproductive tract problems**

### **70 The bitch with pyometra**

*Aetiology and pathogenesis*  
*History and clinical signs*

### **71 Pregnancy and whelping**

*General advice about pregnancy*  
*Complications during pregnancy*  
*Preparations for whelping*  
*The normal parturition process*  
*Dealing with the umbilical cord*  
*Checking the puppies*  
*Complications of parturition requiring veterinary intervention*  
*Caesarean section*

### **72 Oestrus control, misalliance and false pregnancies**

*Oestrus control*  
*Misalliance (Mésalliance)*

*False pregnancy*

## **Section 10: Endocrine problems**

### **73 The dog with hypothyroidism**

*Aetiology and pathogenesis*

*History and clinical signs*

*Important differential diagnoses*

### **74 The dog with hyperadrenocorticism**

*Aetiology and pathogenesis*

*History and clinical signs*

*Important differential diagnoses*

### **75 Diabetes mellitus**

*Aetiology and pathogenesis*

*History and clinical signs*

### **76 The cat with hyperthyroidism**

*Aetiology and pathogenesis*

*History and clinical signs*

*Common differential diagnoses*

## **Section 11: Emergencies and trauma**

### **77 The road traffic accident**

### **78 The pharyngeal foreign body**

**Aetiology and pathogenesis**

**Differential diagnoses**

**History and clinical signs**

### **79 Problems associated with grass seeds**

**Aetiology and pathogenesis**

**History and clinical signs**

### **80 Burns**

**Aetiology and pathogenesis**

**History and clinical signs**

## **Section 12: Cancer**

### **81 The dog or cat with cancer**

**Aetiology and pathogenesis**

**Common tumours of dogs and cats**

### **82 The dog with a mammary tumour**

**Aetiology and pathogenesis**  
**History and clinical signs**

**83 The dog with multicentric lymphoma**

**Aetiology and pathogenesis**  
**History and clinical signs**

## **Section 13: Neurological problems**

**84 The dog having seizures**  
**Differential diagnoses**

**85 Hindlimb ataxia and weakness**  
**Common differential diagnoses**

**86 Vestibular disease**  
**Aetiology and pathogenesis**  
**History and clinical signs**

## **Section 14: Behavioural problems**

**87 The aggressive dog**

**Risk assessment**

**Common differential diagnoses**

**88 The frightened dog**

**Common differential diagnoses**

**89 Separation problems in the dog**

**Common differential diagnoses**

**90 House-soiling and elimination problems**

**Common differential diagnoses**

## **Section 15: Poisonings**

**91 Dealing with suspected poisoning**

**92 Anticoagulant rodenticide poisoning**

**Aetiology and pathogenesis**

**History and clinical signs**

**Important differential diagnoses**

## **Section 16: Problems in non dog/cat species**

**93 The sick rabbit**

**Common presentations and conditions affecting rabbits**

**94 The sick hamster**

**Common presentations and conditions affecting hamsters**

**95 The sick Guinea pig**

**Common presentations and conditions affecting Guinea pigs**

**96 The sick bird**

**Common presentations and conditions affecting birds**

**97 The sick tortoise**

**Common presentations and conditions affecting tortoises**

**Section 17: Miscellaneous**

**98 The post-surgery check-up**

**Dealing with common complications**

**Managing dressings**

## **Monitoring progress**

### **99 Illnesses in animals that have travelled abroad**

#### **Common differential diagnoses**

### **100 Elective euthanasia**

#### **Reasons for euthanasia**

#### **Permission for euthanasia**

#### **Techniques for euthanasia**

#### **Owner involvement in euthanasia consultations**

#### **Euthanasia of aggressive dogs**

#### **Euthanasia of aggressive or feral cats**

#### **Euthanasia when no help is available**

#### **After the event**

## **Section 18: Appendices**

### **Appendix 1 - Rational use of antibiotics**

#### **Are the animal's clinical signs likely to be caused by a bacterial**

**infection?**

**Which antibiotic will be effective?**

**What patient factors might influence the choice of antibiotic?**

**How long a course should be given?**

**What route and frequency of administration should be used?**

**What cost is involved?**

## **Appendix 2 - Rational use of glucocorticoids**

**Indications**

**Potency and formulations**

**Anti-pruritic and anti-inflammatory therapy**

**Immunosuppressive therapy**

**Adverse effects of glucocorticoids**

## **Appendix 3 - General principles of non-steroidal anti-inflammatory drug (NSAID) use for the treatment of musculoskeletal pain**

**Indications**

**General treatment principles**

## **Adverse effects**

## **Appendix 4 - Weight loss and obesity control**

### **Diagnosis**

### **Management**

## **Appendix 5 - Interpretation of haematology and biochemistry profiles**

### **Haematology (complete blood count)**

### **Biochemistry (clinical chemistry)**

## **Abbreviations**

## **Index**

# **100 Top Consultations in Small Animal General Practice**

# 100 Top Consultations in Small Animal General Practice

## **Peter Hill**

BVSc, PhD, DVD, DipACVD, DipECVD, MRCVS, MACVSc  
*Senior Lecturer in Veterinary Dermatology and  
Immunology, The University of Adelaide, South  
Australia, Australia*

## **Sheena Warman**

BSc, BVMS, DSAM, DipECVIM-CA, PGCert(HE), MRCVS  
*Clinical Fellow in Small Animal Medicine, University  
of Bristol, Bristol, UK*

## **Geoff Shawcross**

BVSc, Cert SAO, MRCVS  
*General Practitioner (retired), Liss, Hampshire, UK*
