We dedicate this book to our children and grandchildren and to the nation that they will inherit.

Acknowledgments

We express our appreciation to the Meadows and Greater Texas Foundations for their support which enabled us to complete the work included in this volume. We also thank William P. Hobby Jr. for his past and continued support of the Hobby Center for the Study of Texas. We express our sincere appreciation to our technical editor, Karen White, for her skillful editing of the volume. We also thank Evelien Bakker and Bernadette Deelen-Mans from Springer for their support, encouragement, and technical guidance during the preparation of this volume.

Contents

1	Introduction	1
1.1	The Rationale for the Work	1
1.2	Conceptual Basis for the Work	2
1.3	The State of Knowledge: Population, Education and Socioeconomic Change	4
1.3.1	Growth in Minority Populations	5
1.3.2	Race/Ethnicity and Education.....	6
1.3.3	Education, Income, and Socioeconomic Change.....	7
1.4	The Current Demographic Context	10
1.5	The Intended Audience for, and Focus of, the Work	12
1.6	The Content of the Volume.....	12
1.7	Inherent Limitations of the Methodology Underlying the Work.....	13
1.8	Summary.....	14
	References.....	14
2	Historic and Projected Patterns of Population and Household Change in the United States	19
2.1	Historic Patterns of Population Change.....	19
2.2	Selected Characteristics of the Population of the United States.....	23
2.3	Projections of the Population of the United States.....	24
2.4	Historic and Projected Patterns of Household Change.....	30
2.5	Summary.....	37
	References.....	41
3	Effects of Population Change on the Size and Characteristics of the Labor Force of the United States	43
3.1	Current Characteristics and Recent Trends in the Labor Force of the United States.....	43

3.2	Future Characteristics of the Labor Force of the United States	46
3.2.1	A Diverse Labor Force Also Differentiated by Age and Gender.....	49
3.2.2	Socioeconomic Characteristics of the Workforce	52
3.3	Summary.....	60
	References.....	61
4	Effects of Demographic Change on Selected Economic Factors Impacting the Public and Private Sectors in the United States	63
4.1	Historical Change in Income and Poverty	64
4.1.1	Fiscal Impacts of Household Income Change	66
4.2	Projected Effects of Household Change on the Future Economic Characteristics of the United States	66
4.3	Summary.....	88
	References.....	90
5	Impacts of Future Demographic Change on Education in the United States	93
5.1	Historic Characteristics of Students and Education in the United States.....	93
5.2	Future Educational Characteristics.....	97
5.3	Financing Public Education in the United States	101
5.4	Summary.....	105
	References.....	106
6	Implications of Population Change for Health, Health Care, and Public Assistance Programs in the United States	109
6.1	Change in the Incidence and Demographic Characteristics of Persons with Diseases/Disorders in the United States, 2010–2060.....	109
6.1.1	Prevalence of Disabilities.....	112
6.2	Health Care Personnel, Health Care Services, and Uninsured Persons	113
6.3	Social Service Usage: Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance to Needy Families (TANF)	123
6.4	Summary.....	128
	References.....	131
7	The Effects of Demographic Change on Selected Transportation Services and Demand.....	133
7.1	Historic Changes in Licensed Drivers	133
7.2	Vehicle Ownership.....	135

- 7.3 Effects of Future Demographic Change on Future Transportation Use 138
 - 7.3.1 Age Effects on Transportation 142
 - 7.3.2 Impact of Demographic Change on Vehicle Ownership..... 143
 - 7.3.3 Impact of Demographic Change on Worker’s Modes of Commuting 145
- 7.4 Alternative Projection Scenarios 146
- 7.5 Summary..... 148
- References..... 150
- 8 Summary and Implications..... 153**
 - 8.1 Summary..... 153
 - 8.1.1 Chapters 1 and 2: Historical and Projected Population and Household Patterns..... 154
 - 8.1.2 Chapter 3: Labor Force 155
 - 8.1.3 Chapter 4: Income and Poverty: Implications for Household Wealth, Consumer Expenditures, Home Ownership, Net Worth, and Tax Revenues..... 156
 - 8.1.4 Chapter 5: Impacts of Demographic Change on Education in the United States..... 157
 - 8.1.5 Chapter 6: Health and Health Care and Social Services in the United States 158
 - 8.1.6 Chapter 7: Transportation 159
 - 8.2 The Implications of an Alternative Future..... 160
 - 8.2.1 Addressing the Socioeconomic Differences Among Racial/Ethnic Groups in the United States..... 160
 - 8.2.2 The Current Demographic State of Minority Populations in the United States 161
 - 8.2.3 Can We Obtain Desired Socioeconomic Growth Rates if Recent Relationships to Race/Ethnicity Specific Patterns Continue into the Future?..... 162
 - 8.2.4 Maintaining the Socioeconomic Base of America..... 174
 - 8.3 Conclusion..... 178
 - References..... 180

List of Figures

Fig. 8.1 Percent change in socioeconomic resources compared to percent change in households, 2010–2060 176

Fig. 8.2 Per capita income, mean household income, and mean consumer expenditures per household in 2060 under alternative assumptions of socioeconomic closure between minority and nonHispanic White households 177

Fig. 8.3 Percent persons in the labor force in management/professional and operative/laborer positions, persons in poverty, and levels of educational attainment under alternative assumptions of closure between racial/ethnic groups in the United States by 2060 178

Fig. 8.4 Aggregate income, consumer expenditures, and federal tax revenue from households in 2060 (in billions of 2010 constant dollars) under alternative assumptions of socioeconomic closure between minority and nonHispanic White households 179

List of Tables

Table 1.1	Median household income in the United States by age, household type, and race/ethnicity of householder, 2010.....	11
Table 2.1	Population change in the United States by components of change, 1790–2010.....	20
Table 2.2	Immigration into the United States by period and area of origin of immigrants, 1820–2012.....	21
Table 2.3	Birth, death, and net migration measures for the United States, 1940–2010.....	22
Table 2.4	Median age and sex ratio in the United States, 1900–2010.....	24
Table 2.5	United States population in 1990, 2000, and 2010, percent change in population for 1990–2000 and 2000–2010, and proportion of the population by race/ethnicity for 1990, 2000, and 2010	25
Table 2.6	Number and percentage of households by persons in the household and average household size for the United States, 1960–2010 (numbers in thousands).....	26
Table 2.7	Population in the United States by race/ethnicity in 2000 and 2010 and projected to 2060 under alternative projection scenarios.....	27
Table 2.8	Percent change in the population in the United States by race/ethnicity from 2000 to 2010 and projected to 2060 under alternative projection scenarios	28
Table 2.9	Percentage of the population by race/ethnicity in the United States for 2000 and 2010 and projected to 2060 under alternative projection scenarios	29
Table 2.10	Number and percent of net change in the United States population due to each race/ethnicity group under alternative projection scenarios, 2010–2060.....	30

Table 2.11 U.S. Census Bureau projections of the percentage of the population in the United States by age and race/ethnicity for 2010 and projected to 2060 under alternative projection scenarios..... 31

Table 2.12 Number and percentage of households and percent change in households in the United States by race/ethnicity of the householder, 1990–2010..... 32

Table 2.13 Number, percentage of, and percent change in households by size and type, 1980–2010..... 33

Table 2.14 Number of households in the United States by race/ethnicity of the householder and projected to 2060 under alternative projection scenarios..... 34

Table 2.15 Percent change in households in the United States by race/ethnicity of the householder and projected to 2060 under alternative projection scenarios 35

Table 2.16 Percent of total households in the United States by race/ethnicity from 2010 to 2060 under alternative scenarios..... 36

Table 2.17 Number and percent of net change in United States households due to each race/ethnicity group under alternative projection scenarios, 2010–2060..... 37

Table 2.18 Percent of total households in the United States by age and race/ethnicity using the middle projection scenario..... 38

Table 2.19 Number and percentage of households in the United States by type of household and race/ethnicity of the householder in 2010 and projected for 2060 under the middle projection scenario 39

Table 3.1 Civilian labor force in the United States, 1900–2020 (annual averages in thousands) 44

Table 3.2 Characteristics of the civilian labor force in the United States, 1990–2010 (decennial census and annual averages in thousands)..... 44

Table 3.3 Civilian labor force participation rates in the United States by sex, age, and race/ethnicity, civilian labor force, 2000 and 2010, and percent change in labor force, 2000–2010 45

Table 3.4 Projections of the civilian labor force in the United States from 2010 to 2060 by race/ethnicity under alternative scenarios 47

Table 3.5 Percent of the civilian labor force in the United States by race/ethnicity in 2010 and projected through 2060 under alternative scenarios (percentage within year)..... 48

Table 3.6 Percent change in the civilian labor force in the United States from 2010 to 2060 by race/ethnicity under alternative scenarios 49

Table 3.7 Number and percentage of net change in the civilian labor force in the United States due to each race/ethnicity under alternative scenarios, 2010–2060 50

Table 3.8 Percentage of civilian labor force in the United States by year, age, and race/ethnicity from 2010–2060 using the middle projection scenario 51

Table 3.9 Projections of the civilian labor force in the United States by sex and race/ethnicity from 2010 to 2060 using the middle projection scenario 52

Table 3.10 Civilian labor force in the United States by level of education and race/ethnicity in 2010 and projected for 2060 using the middle projection scenario (percentages computed within race/ethnicity group) 54

Table 3.11 Civilian labor force in the United States by level of education and race/ethnicity in 2010 and projected for 2060 using the middle projection scenario (percentages computed within level of educational attainment) 55

Table 3.12 Civilian labor force in the United States by occupation and race/ethnicity in 2010 and projections for 2060 using the middle projection scenario (percentages computed within occupations) 56

Table 3.13 Wage and salary income of the civilian labor force in the United States by race/ethnicity in 2010 and projections for 2060 (in 2010 constant dollars) using the middle projection scenario (percentages computed by race/ethnicity group) 58

Table 3.14 Wage and salary income of civilian labor force in the United States by race/ethnicity in 2010 and projections for 2060 (in constant dollars) using the middle projection scenario (percentages computed within income group) 59

Table 4.1 Median household income, per capita income, and percentage of persons in poverty in the United States, 1989–2010 64

Table 4.2 Income and poverty characteristics of the population in the United States by race/ethnicity 1999–2010 65

Table 4.3 Federal government receipts in the United States, 2000 and 2010 67

Table 4.4 Federal government expenditures in the United States, 2000 and 2010 68

Table 4.5 Household income in the United States by income group and race/ethnicity of householder in 2010 and projected for 2060 under the middle projection scenario (percentages computed within race/ethnicity group)..... 69

Table 4.6 Aggregate and mean household income in the United States (in billions of 2010 dollars) by race/ethnicity of the householder in 2010 and projected to 2060 using the middle projection scenario (Panel A) and assuming alternative closure to 2010 nonHispanic White rates by 2060 (Panel B)..... 70

Table 4.7 Number and percentage of households in poverty in the United States by household type and race/ethnicity in 2010 and projected for 2060 using the middle projection scenario 71

Table 4.8 Number and percentage of households in poverty in the United States by household type and race/ethnicity in 2010 and projected for 2060 using the middle projection scenario 72

Table 4.9 Federal tax revenues by household income in the United States (in millions of 2010 dollars) in 2010 and projected to 2060 using the middle projection scenario 73

Table 4.10 Consumer expenditures by category in the United States in 2010 (in millions of 2010 dollars) and projected to 2060 using the middle projection scenario 74

Table 4.11 Percentage of consumer expenditures by category and race/ethnicity of householder in the United States in 2010 and projected for 2060 using the middle projection scenario 75

Table 4.12 Percentage of net change in consumer expenditures in the United States by expenditure category and race/ethnicity using the middle projection scenario, 2010–2060 76

Table 4.13 Consumer expenditures by household type and expenditure category in the United States in 2010 and projected to 2060 using the middle projection scenario (in millions of 2010 dollars) 77

Table 4.14 Percent change in consumer expenditures by household type and expenditure category in the United States using the middle projection scenario, 2010–2060 78

Table 4.15 Race/ethnicity and age of householder effects on estimates of net worth and assets for households in the United States in 2010 and projected to 2060 using the middle projection scenario 79

Table 4.16 Proportions of net worth and assets of households in the United States by race/ethnicity (Panel A) and age (Panel B) of householder in 2010 and projected for 2060 using the middle projection scenario..... 80

Table 4.17 Race/ethnicity and age of householder effects on estimates of net worth and assets for households in the United States in 2010 and projected to 2060 using the middle projection scenario 81

Table 4.18 Median owner-occupied housing values, median monthly rents, ownership rates, and renter rates in the United States by race/ethnicity of householder, and tenure by age of householder, 2010 82

Table 4.19 Number of households in the United States, percent change 2010–2060, and percentage of households by race/ethnicity of householder and housing tenure in 2010 and projected for 2060 using the middle projection scenario..... 83

Table 4.20 Number and percentage of net change in the United States households by race/ethnicity of householder and housing tenure using the middle projection scenario, 2010–2060 84

Table 4.21 Aggregate annual expenditures and percentage of annual expenditures for housing in the United States by race/ethnicity of the householder and housing tenure in 2010 and projected to 2060 using the middle projection scenario..... 86

Table 4.22 Proportion of annual expenditures for housing in the United States by age of householder and housing tenure in 2010 and projected to 2060 using the middle projection scenario 87

Table 4.23 Annual expenditures for housing in the United States by tenure in 2060 assuming projected patterns by race/ethnicity and age of householder and assuming 2010 distribution by race/ethnicity and age of householder using the middle projection scenario 87

Table 5.1 Enrollment (in thousands) and percent change in enrollment of U.S. residents enrolled in public elementary and secondary schools and colleges, 1990–2010 94

Table 5.2 Enrollment percentages and percent change in enrollment by race/ethnicity for public elementary and secondary schools and public community colleges and universities, 2000–2010 94

Table 5.3 Percentage of population 25 years of age and older in the United States who are high school graduates and higher or college graduates and higher by race/ethnicity, 2000 and 2010 95

Table 5.4	Public community college and university enrollment rates (per 100 persons ages 18–35) in the United States by race/ethnicity, 2000 and 2010	95
Table 5.5	Educational attainment by race/ethnicity for the United States population age 25 and older in 2010.....	96
Table 5.6	Total (in millions of 2010 dollars) and per student expenditures for public elementary and secondary schools and public colleges and universities and percent change in expenditures, 2000–2010	96
Table 5.7	Total public education (all levels) enrollment (in thousands) by race/ethnicity in 2010 and projected to 2060 using the middle projection scenario	98
Table 5.8	Percent change in projected total public education (all levels) enrollment in the United States by race/ethnicity under the middle projection scenario, 2010–2060	99
Table 5.9	Percentage of total public education (all levels) enrollment by race/ethnicity in 2010 and projected to 2060 using the middle projection scenario	100
Table 5.10	Public education expenditures (in millions of 2010 dollars) in 2010 and projected for 2060 using the middle projection scenario	101
Table 5.11	Number (in thousands) of students with financial need unmet by household resources enrolled at public colleges and universities in the United States by race/ethnicity in 2010 and projected to 2060 using the middle projection scenario	102
Table 5.12	Percent change in projected number of students with financial need unmet by household resources enrolled in public colleges and universities in the United States in 2010 and projected to 2060 using the middle projection scenario	103
Table 5.13	Students enrolled in public colleges and universities (in thousands) with unmet financial need by need category and race/ethnicity in 2010 and projected for 2060 using the middle projection scenario.....	104
Table 6.1	Incidences of diseases/disorders and percent change in incidences of diseases/disorders in the United States by race/ethnicity for 2010 and projected to 2060 using the middle projection scenario	110
Table 6.2	Prevalence of selected diseases/disorders in the United States by race/ethnicity and type of diseases/disorders for adults (18 years and older) in 2010 and projected to 2060 using the middle projection scenario (percentages within disease/disorder)	111
