Evaluating the Experiential Quality of Musical Instruments

A Psychometric Approach

 Springer

BestMasters

Springer awards „BestMasters“ to the best master’s theses which have been completed at renowned Universities in Germany, Austria, and Switzerland.

The studies received highest marks and were recommended for publication by supervisors. They address current issues from various fields of research in natural sciences, psychology, technology, and economics.

The series addresses practitioners as well as scientists and, in particular, offers guidance for early stage researchers.
